## 1984 ANNUAL REPORT

Raymond Volunteer Ambulance Association  
1959 - 1984  
Twenty-Five Years of Dedicated Service

Digitized by the Internet Archive  
in 2013

<http://archive.org/details/annualreportofto1984raym>

**DEDICATED TO THE MEMORY OF  
GORDON A CAMMETT, SR.**

The Board of Selectmen hereby dedicates the 1984 Annual Report to the memory of Gordon A. Cammett, Sr., in commemoration of the service given by him to our town.

It is our feeling that Gordon held a special love for Raymond, which he showed by committing himself to helping others — publicly in his tenure as a Selectman and privately in his dealings with the individual citizens of our community.

Gordon engraved himself into the character and history of Raymond during his lifetime with his own unique humor and character. The record of many of his actions will live on, as will our memories of him.

Although a loss has been suffered with Gordon's passing, the recognition of his place as a part of Raymond's heritage is assured.

**ANNUAL REPORT  
Of The  
Selectmen, Treasurer, Highway Agent  
Town Clerk/Collector of Taxes  
Examination and Audit  
and the  
School Board  
of the Town of  
RAYMOND  
NEW HAMPSHIRE

## THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM TEN A.M. TO SEVEN P.M.

To the inhabitants of the Town of Raymond in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Raymond High School Gymnasium in said Raymond on Tuesday, the thirteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the town will vote to enact the amendments to the Zoning Ordinance as proposed by the Raymond Planning Board.
3. Whereas there is a strong need for elderly housing in the Town of Raymond; and whereas the need for elderly housing is growing and will continue to grow for many years; and whereas inflation has ravaged the resources of elderly citizens; and whereas the costs of housing for the elderly has skyrocketed; and whereas the services that the Town provides for elderly citizens such as police and fire protection, waste facilities, and highway maintenance are small in comparison to the rest of the population of the Town, which requires schools that consume more than 80% of the real estate taxes paid in Raymond; and whereas elderly citizens have fought and worked for many decades to make our Town and Nation great; and whereas R.S.A. 354-A, the New Hampshire "Law Against Discrimination" specifically permits plans for a retirement or similar community or establishment limited to persons over a certain age, not less than forty-five years; now therefore be it resolved to see if the town will vote to amend the Zoning Ordinance of the Town of Raymond by adopting the following:

- A. Amend Article II, Zone, the first paragraph, to read as follows: "For the purpose of this Ordinance, The Town of Raymond is divided into seven (7) zones as shown on the Zoning Map dated January 1, 1974, as amended, which is part of this Ordinance. Within these zones there is also established as an overlay, a Floodplain District.

The underlying uses permitted in the respective zones are allowed provided they meet the additional requirements of the Floodplain District."

- B. Amend Article II Zones, by Adding a Zone H as follows:

**Zone H — ADULT MOBILE HOME PARK** shall include the parcel of land on Prescott Road of approximately 19 acres shown on Raymond tax Map number 6 and lot number 66.

- C. Amend Article II, Allowed Uses, by adding a reference to Zone H as follows:

**Zone H — ADULT MOBILE HOME PARK** shall include all uses allowed in Zone A (Residential), and Zone B (Residential/Agricultural) and shall include the use as an adult mobile home park in which only persons 45 years of age or older may occupy or utilize mobile homes.

- D. Amend Article III, Lot Size and Set-Back Distances, by adding a new paragraph #5 as follows:

"All lots in Zone H shall meet all the size, setback distance, and road frontage requirements of Zone A.

(Inserted on petition of twenty-five or more registered voters.)

THE PLANNING BOARD RECOMMENDS A "YES" VOTE ON THIS ARTICLE.

4. To see if the town will vote to amend the Zoning Ordinance by adopting the following:

### **Article 2, Zones: Allowed Uses, Zone A — Residential:**

Delete the phrase, "customarily home-operated businesses within the home by not more than three (3) hired employees," and replace it with the following: "customarily home-operated business, which shall include at-home automobile repair, by not more than four (4) hired employees."

(Inserted by petition of twenty-five or more registered voters.)

THE PLANNING BOARD RECOMMENDS A "NO" VOTE ON THIS ARTICLE.

## THE STATE OF NEW HAMPSHIRE

### THE POLLS WILL OPEN AT TEN A.M.

To the Inhabitants of the Town of Raymond in the County of Rockingham in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Raymond High School Gymnasium in said Raymond on Saturday, the seventeenth day of March, 1984, at ten of the clock in the forenoon, to act upon the following subjects:

1. To raise such sums of money as may be necessary to defray town charges for the year ensuing and make appropriations of same.
2. To see if the town will vote to authorize the Selectmen to make applications for and to receive and spend in the name of the town such advances, grants-in-aid, or other funds for town purposes as may now or hereafter be forthcoming from Federal, State, local, or private agencies as would be of benefit to the town.
3. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
4. To see if the town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the town by tax collector's deed by public auction (or advertised sealed bid) or in such other manner as determined by the Selectmen as justice may require.
5. On petition of ten or more legally registered voters, to see if the town will vote to eliminate the position of Administrative Assistant and further, that all monies budgeted for the position also be eliminated from the budget.  
NOT RECOMMENDED BY THE BUDGET COMMITTEE.
6. By petition of ten or more legally registered voters, that the position of Police Chief shall become an elected position as of the March town meeting, 1985.
7. By petition of ten or more legally registered voters in the town of Raymond, petition that the Raymond Planning Board be elected as provided for in N.H. Revised Statutes Annotated Chapter 36:4, section II-b, and that they be elected at the 1985 town meeting for a six-member board.

8. To see if the town will vote to authorize the Planning Board to adopt the provisions of N.H. Revised Statutes Annotated Chapter 155-E, Local Regulation Excavations.

9. To see if the town will vote to appropriate the sum of Thirty-nine Thousand, One Hundred Dollars (\$39,100.00) for the financing of all taxable properties in the town, and to authorize the withdrawal of this sum for this purpose from the Federal Revenue Sharing Fund, and to name the Selectmen as agents for the fund.

RECOMMENDED BY THE BUDGET COMMITTEE.

10. To see if the town will vote to appropriate the sum of Twenty-five Thousand Dollars (\$25,000.00) for the purpose of financing a Sanitary Landfill Close-out Plan at the Raymond Landfill Site, and to authorize the withdrawal of this sum for this purpose from the Federal Revenue Sharing Fund.

RECOMMENDED BY THE BUDGET COMMITTEE.

11. To see if the town will vote to appropriate the sum of Eight Thousand, Five Hundred Dollars (\$8,500.00) for the purchase of a sander, and to authorize the withdrawal of this sum for this purpose from the Federal Revenue Sharing Fund.

RECOMMENDED BY THE BUDGET COMMITTEE.

12. To see if the Town will vote to appropriate the sum of Fifty Thousand Dollars (\$50,000.00) and to authorize the withdrawal of this sum from the Federal Revenue Sharing Fund for use as a set-off against the appropriation for Solid Waste disposal.

NOT RECOMMENDED BY THE BUDGET COMMITTEE.

13. To see if the town will vote to raise and appropriate the sum of Twenty-five Thousand Dollars (\$25,000.00) as the town's share for replacing the Blueberry Hill Road Bridge. This appropriation is contingent upon receipts of One Hundred Seventy-five Thousand Dollars (\$175,000.00) in Federal Aid, Thirty-seven Thousand, Five Hundred Dollars (\$37,500.00) in State Aid, and Twelve Thousand Five Hundred Dollars (\$12,500.00) from Blueberry Hill Estates.

RECOMMENDED BY THE BUDGET COMMITTEE.

14. To see if the town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to overhaul and repair Engine 2, as necessary.

RECOMMENDED BY THE BUDGET COMMITTEE.

15. To see if the town will vote to raise and appropriate the sum of Six Thousand, Nine Hundred Dollars (\$6,900.00) for the support of the Exeter Area Visiting Nurse Association, Inc. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

16. To see if the town will vote to raise and appropriate the sum of One Thousand, Eight Hundred Dollars (\$1,800.00) for the Newmarket Regional Health Center services and programs, including both the Medical Program and the Senior Citizen Transportation Program. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

17. To see if the town will vote to raise and appropriate the sum of One Thousand, Five Hundred Dollars (\$1,500.00) to defray a portion of the cost of service rendered by the Area Homemaker Home Health Aide Service, Incorporated. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

18. To see if the town will vote to raise and appropriate the sum of Two Thousand, Five Hundred Dollars (\$2,500.00) to assist the Seacoast Regional Mental Health, Ind., a private, non-profit organization. Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

19. To see if the town will vote to raise and appropriate the sum of Six Thousand, Three Hundred Fifty-five Dollars (\$6,355.00) for the support of the Rockingham County Community Action Program, Incorporated. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

20. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) for the Seacoast Task Force on Family Violence, a private, non-profit organization which operates A SAFE PLACE, a shelter for battered wives and their children. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

21. To see if the town will vote to raise and appropriate the sum of Two Thousand, Eight Hundred Thirty-six Dollars (\$2,836.00) to assist the Rockingham Child and Family Services. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

22. To see if the town will authorize and direct the Selectmen to review considerations, through the Tri-county Solid Waste Management District, which may involve participating in the Vicon Recovery Systems/Citizens Utilities Company Project or any other solid waste project, consistent with the District Plan.

23. To see if the town will vote that no person who is a candidate for office or who is representing or working for a candidate, shall distribute at a polling place any campaign material in the form of a card, handbill, picture, or circular, which is intended to influence the action of the voter:

- a. Within the building where the election is being held, or
- b. Within a radius of 150 feet of the building entrance door of the building where the election is being held.

24. To see if the town will vote to accept from Jennie E. Piper, for and in consideration of the sum of One Dollar (\$1.00) all her right, title, and interest in and to certain parcels of land situated in Raymond, bounded and described as follows: Being shown as lots numbered 17, 18, and 19 on Block B on Raymond Tax Map number 30, and on a plan of land entitled, "Green Hills Subdivision, Mortgage Discount Corporation, Raymond, New Hampshire, Design by T. W. Chesley, Northwood, New Hampshire, June, 1966, Plan #1997." said plan having been recorded with the Rockingham County Registry of

Deeds. Being the same premises conveyed to the aforementioned Jennie E. Piper by deeds of June, 1976, recorded at the Rockingham Registry of Deeds in Volume 2269, on pages 1005, and 1006, on November 3, 1976.

25. To see if the Town of Raymond, N.H., shall call upon the Governor and Executive Council, its State Representatives, and State Senator to promptly convene a Special Session of the Legislature for the sole purpose of preventing the imposition of huge cost increases in electric rates resulting from the Seabrook Nuclear Power Plant on the citizens, businesses, schools, and agencies in the town of Raymond, and to direct the Selectmen to promptly notify our above-listed elected officials of the Town's desires. (Inserted on petition of ten or more registered voters.)
26. For the purpose of providing or assuring access to an approved solid waste facility for its residents as required by New Hampshire R.S.A. 149-M, and pursuant to the authority of R.S.A. 31:39, to see if the town will adopt the following ordinance for collection and disposal of solid waste:
  - A. All residential solid waste and municipal institutional solid waste shall be collected, transported, and disposed of by a commercial contractor under written contract with the Town. Collection shall be at curbside, road shoulder, or from dumpster, as the case may be.
  - B. All solid waste that is not residential shall be disposed of by the generator of such waste.
  - C. The Town's landfill shall be closed retroactive to March 10, 1984, provided however, that it shall remain open for the disposal of landfill items as defined by regulations adopted by the Board of Selectmen, generated in Raymond by residents or industrial or business establishments located in the town.
  - D. The Board of Selectmen is directed to enter into contracts with commercial waste collectors as needed to carry out the intent of this ordinance. The contract dated January 30, 1984, between the Board of Selectmen and SCA Disposal Services of New England, Inc., is hereby

ratified as are all other acts taken to date by the Selectmen in regard to the residential solid waste contract, collection program and landfill.

- E. The Board of Selectmen is hereby authorized and empowered to make reasonable regulations necessary to carry out the ordinance, including but not limited to: the setting of dates and times for collection; defining the types of waste collectible; defining the containers to be used; regulating use of the landfill including distinguishing between residential and industrial or business use of the landfill and establishing reasonable fees designed to recover the expense of any secondary disposal required for landfill items, e.g., tires; providing for penalties for violation of this ordinance or any regulations promulgated hereunder; and setting such other regulations as may be necessary to implement and carry out the management and collection of solid waste in the town. Said regulations, including any penalties for their violation not exceeding those provided in R.S.A. 31:39 (\$1,000.00 penalty), shall have the same force and effect as if enacted by the Town Meeting duly warned and assembled. Any such regulations, or modifications thereto, shall be adopted after public hearing notices as provided in R.S.A. 675:7 (Supp. 1983).
- F. This ordinance shall take effect upon passage at the annual Town Meeting on March 17, 1984.

Given under our hands and seal this twentieth day of February, in the year of our Lord nineteen hundred and eighty-three.

**OFFICIAL TOWN ELECTION**  
**March 13, 1984**

The meeting was called to order by Moderator, Frank Case at 9:50 a.m. The warrant Articles one, two, three and four were read by the Moderator. Rev. Neil Iverson then offered a prayer and the Salute to the flag of the United States of America followed. The Moderator announced the ballot clerks as follows: Rita Curtis, Joan King, Margaret Case, Pauline Gordon, Assunta Ege, Delmar Anderson, Elizabeth Robinson, and Marilyn Bagley.

Moderator Frank Case read a letter he received on March 9, 1984 from Harriet E. Cady which read as follows:

Dear Frank,

For reasons that should be obvious I wish to have the following persons removed from working at the elections on March 13. They are biased by the fact that they have shown publicly they are working for a candidate which is opposing me in the upcoming election. I thank you for your cooperation and understanding in the matter. These are the names I would like to have contested as workers at the polls. Marion Lovejoy, Steve Lovejoy, Judd Reed, Marilyn Bagley, Joan King, Susan Newton, Delmar Anderson, Shirley Dodge, Assunta Ege and of course anyone who signed the political advertisement supporting the opposing candidates.

I am sorry to have to come to these measures in a small town but considering some of the propaganda I have been told is being spread by some of these individuals I would hate to have the elections of Raymond become the court case which will be precedent setting, in that the courts have already told in a previous case that election laws are hazy and the legislature must do something to insure purity and appearance of at any election. Since the laws are not specific it is necessary to depend upon the moderator to make a decision and then decide rather or not it should be challenged in a particular situation.

Further I ask that if there is to be a representative of the Planning Board to discuss the zoning proposals that that individual also be made to stand outside the building. I request this given the fact that there are witnesses to Mr. Sloan's October 18th statement to two elderly ladies that they should vote an Epping

legislator.

Sincerely,  
Harriet E. Cady

Upon receipt of this letter, Moderator Frank Case responded with the following letter:

I have taken Mrs. Cady's objections under consideration, and on the advice of counsel and discussion with a former Raymond Moderator, I find I must rely on the state law which states in RSA 658:24, any person whose name appears on a ballot for an elective position, other than the position of an election official, shall be disqualified from performing duties as an election official in that election.

The law is very specific, and that this is the only reason for the disqualification of an election official.

I have asked the ballot clerks named, if the alleged "bias" would impair their ability to act as proper ballot clerks? Each replied "No!". That each one wished to serve as a ballot clerk, and that they would act impartially and fairly, as they always have.

Therefore, I do not feel that I should infringe on the right of these citizens, duly appointed by their political parties, to serve our community.

Frank G. Case, Moderator  
Town of Raymond

All ballot boxes had been inspected, locked and sealed before the opening of the polls. Moderator Frank Case declared the polls open at 10:00 a.m., and announced that the absentee ballots would be read at 3:30 p.m.

The Moderator declared the polls closed at 7:02 p.m.

The Moderator announced that any ballot clerks or Supervisors of the Checklist listed in the protest letter from Mrs. Cady, would not be counting the official Town Office ballots.

The results of voting are as follows:

Total regular vote for Town Election	966
Total absentee vote for Town Election	35
Total votes for Town Election	1001
Total regular vote for Zoning	966
Total absentee vote for Zoning	32
Total vote for Zoning	998

NO:	74
BLANK:	1

TOTAL VOTES CAST: 171

VOTE ON ARTICLE #25 IN AFFIRMATIVE

#### ARTICLE #26

For the purpose of providing or assuring access to an approved solid waste facility for its residents as required by New Hampshire R.S.A. 149-M, and pursuant to the authority of R.S.A. 31:39, to see if the town will adopt the following

ordinance for collection and disposal of solid waste:

A. All residential solid waste and municipal institutional solid waste shall be collected, transported, and disposed of by a commercial contractor under written contract with The Town. Collection shall be at curbside, road shoulder, or from dumpster, as the case may be.

B. All solid waste that is not residential shall be disposed of by the generator of such waste.

C. The Town's landfill shall be closed retroactive to March 30, 1984, provided, however, that it shall remain open for the disposal of landfill items as defined by regulations adopted by the Board of Selectmen, generated in Raymond by residents or industrial or business establishments located in the town.

D. The Board of Selectmen is directed to enter into contracts as needed to carry out the intent of this ordinance. The contract dated January 30, 1984, between the Board of Selectmen and SCA Disposal Services of New England, Inc., is hereby ratified as are all other acts taken to date by the Selectmen in regard to the residential solid waste contract, collection program and landfill.

E. The Board of Selectmen is hereby authorized and empowered to make reasonable regulations necessary to carry out the ordinance, including but not limited to: the setting of dates and times for collection; defining the types of waste collectible; defining the container to be used; regulating use of the landfill including distinguishing between residential and industrial or business use of the landfill and establishing reasonable fees designed to recover the expense of any secondary disposal required for landfill items, e.g., tires; providing for penalties for violation of this ordinance or any regulations as may be necessary to implement and carry out the management and collection of solid waste in the town. Said regulations, including any penalties for their violation not exceeding those provided in R.S.A. 31:39 (\$1,000.00 penalty), shall have the same force and effect as if enacted by the Town Meeting duly warned and assembled. Any such regulations, or modifications thereto, shall be adopted after public hearing notices as provided in R.S.A. 675:7 (Supp 1983).

F. This ordinance shall take effect upon passage at the annual Town Meeting on March 17, 1984.

A motion was made by Ivan Reed and seconded by Reginald Maisey to accept Article #26 as printed.

VOTE ON ARTICLE #26 IN AFFIRMATIVE

A resolution was made by Delmar Anderson which would increase the Board of Selectmen from three to five members, and Moderator

Frank Case appointed Demar Anderson to pursue this so that it could be presented in a legal manner at the next town meeting.

A motion was made by Richard Dolan and seconded by Paul Harmon to adjourn the meeting at 1:20 p.m. The Moderator adjourned the meeting at 1:20 p.m.

**PROPOSED AMENDMENTS TO THE CONSTITUTION**

Every voter who wishes to vote "Yes" will make a cross in the square near the word "Yes." Every voter who wishes to vote "No" will make a cross in the square near the word "No." If no cross is made in either square for any question, the ballot will not be counted on that question.

(Questions Relating to Constitutional Amendments Proposed by the Convention to Revise the Constitution.)

1. Are you in favor of amending the constitution to provide that voting registration and polling places shall be easily accessible to all qualified persons including disabled and elderly persons? (This question is submitted to the voters by the 1984 Constitutional Convention by a vote of 266 Yes, 44 No.)

YES	2028
NO	251

2. Are you in favor of amending the constitution to prohibit the state from mandating or assigning any new, expanded, or modified programs or responsibilities which require additional local expenditures to any political subdivision, unless such programs or responsibilities are either fully funded by the state or approved for funding by a vote of the local legislative body of the political subdivision? (This question is submitted to the voters by the 1984 Constitutional Convention by a vote of 272 Yes, 62 No.)

YES	1299
NO	821

3. Are you in favor of amending the constitution to provide that no footnote or section of any budget bill before the legislature shall contain any provision which establishes, amends or repeals statutory law, other than provisions establishing, amending or repealing operating and capital expenses for the executive, legislative and judicial branches of government?

(This question is submitted to the voters by the 1984 Constitutional Convention by a vote of 301 Yes, 34 No.)

YES	1513
NO	511

4. Are you in favor of amending the constitution to change the size of New Hampshire's legislative bodies without changing the total number of legislators by decreasing the current size of the House of Representatives by 12, to 388 members, and increasing the current size of the Senate by 12, to 36 members? (This question is submitted to the voters by the 1984 Constitutional Convention by a vote of 270 Yes, 76 No.)

YES	1120
NO	960

5. Are you in favor of amending the constitution to provide for annual sessions of the legislature; and to restrict mileage payments for actual attendance on legislative days to a maximum of 45 legislative days per session but not after the first day of July of each year? (This question is submitted to the voters by the 1984 Constitutional Convention by a vote of 278 Yes, 76 No.)

YES	1432
NO	636

6. Are you in favor of amending the constitution to reduce the age requirement for persons being elected to the office of state senator or executive councilor from 30 years of age to 25 years of age? (This question is submitted to the voters by the 1984 Constitutional Convention by a vote of 279 Yes, 66 No.)

YES	984
NO	1197

7. Are you in favor of amending the constitution to provide that, in order to commit a person in a criminal insanity proceeding, the state must establish that the person is potentially dangerous to himself or to others and suffers from a mental disorder by a standard of "clear and convincing evidence" only, rather than by the current, stricter standard of "proof beyond a reasonable doubt"? (This question is submitted to the voters by the 1984 Constitutional Con-

vention by a vote of 297 Yes, 35 No.)

YES	1554
NO	598

8. Are you in favor of amending the constitution to provide that, in order to entitle the parties to a trial by jury in civil cases, the amount involved in such cases must exceed \$5,000 instead of \$500 as is now provided? (This question is submitted to the voters by the 1984 Constitutional Convention by a vote of 288 Yes, 60 No.)

YES	1201
NO	930

9. Are you in favor of amending the constitution to eliminate the power of the governor and council to prorogue (that is, extend) a recess of the legislature, without its consent, for up to 90 days? (This question is submitted to the voters by the 1984 Constitutional Convention by a vote of 251 Yes, 89 No.)

YES	1145
NO	907

10. Are you in favor of amending the constitution to provide that all the assets of both the New Hampshire retirement system and any other retirement system for public officers and employees operated by the state or its political subdivisions shall be used exclusively for the benefit of any such retirement system and shall not be diverted or used for any other purpose, and that the New Hampshire retirement system or any successor system shall be fully funded each fiscal year as determined by sound actuarial valuation and practice? (This question is submitted to the voters by the 1984 Constitutional Convention by a vote of 300 Yes, 40 No.)

YES	1703
NO	358

#### QUESTIONS PROPOSED BY THE 1983 GENERAL COURT

A. "Are you in favor of amending the Constitution to change the date on which the votes for councilors are laid before the house of representatives and senate to the first Wednesday following the first Tuesday in January?"

YES	1293
NO	548

B. "Are you in favor of amending the Constitution to provide that in the event of a vacancy in the office of governor or the incapacity of the governor to perform his duties, the president of the senate, speaker of the house, secretary of state and state treasurer, in that order, shall be acting governor until the vacancy is filled or the incapacity removed; that if a vacancy in the office of governor for the remainder of the governor's term occurs before the commencement of the last year of his term, a special election for governor shall be held; that the incapacity of the governor shall be determined by his written declaration or by judgement of the supreme court; that the office of governor may be declared vacant by the general court when the governor or governor-elect has been incapacitated for a period of 6 months; and that a justice of a New Hampshire court shall admin-

ister the oath of office to the newly-elected governor?"

YES: 1540  
NO: 380

C. "Are you in favor of amending the Constitution to provide for electing the governor every four years, with a limitation of 2 consecutive terms?"

YES: 1147  
NO: 829

There being no further business, the election was closed at 1:30 a.m.

Town Clerk/Tax Collector

**PRESIDENTIAL PRIMARY ELECTION  
and  
ELECTION OF DELEGATES TO THE SEVENTEENTH CONSTITUTIONAL  
CONVENTION  
FEBRUARY 28, 1984**

The Presidential Primary Election and the election of Delegates to the Seventeenth Constitutional Convention was held at the Raymond High School Gymnasium on Tuesday, February 28, 1984. The polls were declared open at 10:00 a.m. by Moderator Frank Case. Prior to the opening of the polls, Calvin Warburton offered prayer and a salute to the Flag of the United States.

The Moderator announced the ballot clerks as follows: Elizabeth Robinson, Delmar Anderson, Marilyn Bagley, Frances O'Brien, Pauline Gordon, Joan King, Sylvia Littlefield and Marion Lovejoy.

All ballot boxes had been inspected, locked and sealed before the opening of the polls. The Moderator declared the polls closed at 7:00 p.m.

Results of voting are as follows:

Town Clerk

**ANNUAL REPORT  
RAYMOND AMBULANCE FUND ASSOCIATION  
January thru December 1984**

Showing an increase of 119 calls over the previous year, our records for 1984 show that 647 trips were made in 1984, involving 586 patients. From the founding of the Association in March of 1959 through the end of December 1984, our Ambulance Service has responded to a total of 10,712 trips of service. This year the ambulance traveled a total of 20,819 miles and there were 2,763 hours of donated manpower to cover these many calls including 360 hours involved with training sessions.

**Towns Visited:**

Raymond	352
Candia	78
Deerfield	68
Fremont	36
Nottingham	40
Epping	3
Auburn	1

**Hospitals Visited:**

Exeter Hospital	266
Elliott Hospital	159
Veterans Hospital	29
Catholic Medical Center	27
Concord Hospital	6
Pease AFB Hospital	1
Wentworth-Douglas	2
Portsmouth Hospital	2
Parkman Medical Center	5
Hale Hospital	1

**Expenses for the Year 1984 as follows:**

Maintenance	\$2,331.94
Gas	2,436.06
Supplies	1,300.61
New Equipment	1,332.28
Education	891.34

Providing care and transport for the Town of Raymond as well as several surrounding towns, the Raymond Ambulance Association operates as an entity, not connected with any police department, fire department, or town selectmen. The sustenance of our organization depends on the volunteer manhours donated by our twenty-six active members; as well as the donations received from our supporters, from the towns we serve, and from the patients and families we assist. Taking into consideration the operating expenditures and the donations

received from the individual towns, our calculations show a minimum cost of \$75.00 for our ambulance to respond to a call for medical emergency. If it were necessary to charge for each call, our estimated income for last year's 647 trips would have been \$48,525.00.

The increased demand for emergency care services has warranted the necessity of adding another ambulance and equipment, utilizing our present one as a back-up unit. This new ambulance will provide for a more efficient and effective operation to meet our growing needs. To achieve this goal, we are requesting your help and contributions to raise the needed \$60,000.00 for this project — our biggest enterprise.

We do not foresee any difficulty in supplying the manpower for another ambulance, as we have the cooperation of rescue squads in each of the towns we service, the availability of fire and police personnel, together with the dedicated members of our organization who respond on a moment's notice to help someone in need. As in the past, we will continue in the future to meet our responsibilities with great pride.

In a combined effort the members of the Raymond Ambulance Association with the Board of Selectmen and the Rescue Squads in the towns of Candia, Deerfield, Fremont, and Nottingham are formulating plans for several fund-raising events to reach the necessary amount for this ambulance. It is difficult enough for volunteer members to respond on calls and attend mandated education programs, to then be burdened with the fund raising task. Therefore, we the members of the Raymond Ambulance Association request the cooperation of the people in the towns we serve. If together — with our families, friends, neighbors, and supporters — help just a little bit, this goal can be realized. Now more than ever, everyone's support is needed.

A special appreciation to the members of the Raymond Fire Department, Police Department, and Dispatch Center; and to the Rescue Squads and agencies in the surrounding towns for their assistance throughout the year. Raymond Ambulance Association would like to extend a thank you to all the people that support our ambulance service with their help and donations.

An organization such as this could not operate without the dedication of our volunteer members, and the support of our families — a

special thanks to this special group.

Respectfully submitted,

Richard Audette, President  
Raymond Ambulance Association

---

## REPORT OF THE BUILDING INSPECTOR/HEALTH OFFICER

During the year 1984, 236 building permits were issued, categorized as follows:

- 86 new housing units
- 61 residential additions
- 14 commercial (including new, remodeling, and signs)
- 14 storage buildings
- 10 garages
- 7 pools
- 6 restructuring of roofing systems
- 38 miscellaneous (including decks, porches, etc.)

The Town of Raymond has once again seen a fast-paced year of development, both residentially with approximately 160,000 square feet of living area added, and commercially with approximately 21,000 square feet of retail, wholesale, and warehousing space added. The total estimated construction costs exceed \$8,000,000.00.

As the Town continues to grow, the need for monitoring of construction practices becomes ever more evident. I feel that we are experiencing a continuing, unparalleled growth and have an obligation to assist in the effort to provide clean, efficient, comfortable, affordable, and — above all — safe structures for our residents, workers, and visitors.

I will take this opportunity to announce that April 14th through the 20th is National Building Safety Week, based on a phrase that says it all: "Building Safety is 'NO' Accident."

I extend thanks to the Board of Selectmen, Administrative Assistant, office staff, town officials, and — mostly — to the community of Raymond itself.

Respectfully submitted,

Richard J. Mailhot  
Building Inspector/Health Officer

## RAYMOND CIVIL DEFENSE ANNUAL REPORT FOR 1984

In 1984 the Raymond Civil Defense Agency began an aggressive program in Disaster Planning.

A federally approved "BASIC EMERGENCY PLAN" was developed early in the spring by this agency with assistance from the N.H. Civil Defense office and local officials. This plan outlines procedures for handling disasters — large or small, natural or man-made. When the town experienced a "water crisis" this spring, the benefits of the plan were shown in the organization of town officials in handling the situation.

The Raymond Civil Defense Agency in cooperation with the N.H. Department of Public Works and Highways also developed a system to assist emergency service units in locating snowmobile tunnels in case of OHRV accidents.

A "MOBILE COMMAND POST VAN" for the Town of Raymond is now in operation, equipped with radio communications with most local police agencies and fire departments as well as direct radio communications with all area hospitals; a generator to provide lighting for nighttime operation; and other necessary emergency supplies. The "VAN" can provide a command post for such emergency situations as a missing person search, major motor vehicle accidents, hazardous material accidents, major fires (structure or forest), mass casualty incidents, etc.

Last year when the Fire Department retired the cab and chassis of the 1953 Army truck, we were fortunate to learn of the availability of a shop van body through the N.H. Forest Fire Service — and that was the beginning. With hard work and limited funding, through the combined efforts of the Raymond Civil Defense Agency and the help of the Fire Chief, and with assistance from members of the Police Department, and Ambulance Association; this project was realized. On December 31, the "VAN"

responded to a call for a snowmobile through the ice on Governors Lake

In the next phase of the program, the Raymond Civil Defense Association has been working with the Ambulance Association and the Fire Department in coordinating training meetings on possible disasters such as mass casualty accidents, water and ice rescue, vehicle extrication, medi-vac procedures, and the handling of incidents involving power lines.

Another segment is the compiling of a Resource List of available assets within the town to assist in the event of an emergency situation. This is being accomplished through information obtained by contacting local businesses.

In 1985 the Raymond Civil Defense officers with the training officers from the Ambulance Association and Fire Department hope to expand on training programs to incorporate a Mass Casualty Course for all emergency personnel and town officials, and to formulate a disaster simulation.

Further objectives include the purchase of a radio system, as we are now utilizing borrowed equipment from the Dispatch Center and Ambulance Association, and to replace the generator with a more powerful and efficient model. Application to federal programs have been requested for funds to help defray the cost to the town.

These accomplishments would not have been possible without the help of Chief Gould, as well as members of the Raymond Ambulance Association, the Raymond Fire Department, Police Department, Dispatch Center, Health Officer, and the Town Selectmen. Thank you all.

Respectfully submitted,

Richard A. Davis, Director  
Raymond Civil Defense

## REPORT OF THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

Raymond's membership in the Southern New Hampshire Planning Commission provides the Selectmen and the Planning Board with access to a variety of extremely cost-effective staff services that are available to help them deal with numerous planning and planning-related concerns.

Staff services rendered under the Commission's local assistance program consist of (1) those which the Commission believes are important enough to warrant a general notification of all member communities and (2) those which are specifically requested by municipal officials in accordance with locally-determined priorities.

Local assistance services provided to the Town of Raymond during the past year included:

- Provided the Planning Board with guidelines concerning new statutory requirements pertaining to the scheduling and notice of public hearings on proposed amendments to the zoning ordinance and/or building code in preparation for the March, 1985 annual Town Meeting;
- Co-sponsored by Municipal Law Lecture Series to which Raymond officials were invited;
- Co-sponsored the Natural Resources Lecture Series conducted by the Strafford and Rockingham counties Conservation Districts and Cooperative Extension Service;
- Provided the Planning Board with material

pertaining to "Cluster Residential Development" provisions for possible consideration as an amendment to the zoning ordinance;

- Provided the industrial committee with sample articles of incorporation and statutory references governing the establishment of industrial development councils;
- Prepared the 1984 Community Development Block Grant (CDBG) "Feasibility Study" application which provided the Town with a \$15,000 grant to finance an engineering evaluation of alternative water supply sources for the Fremont Road - Prescott Road area;
- At the request of the Planning Board, compiled an up-to-date copy of the Town's zoning ordinance;
- Prepared the 1984 Community Development Block Grant application and the Environmental Review Record which resulted in the Town obtaining \$166,456.00 to undertake construction of Phase I of the proposed "Alternative Water Supply Project";
- Consulted with Farmers Home Administration officials concerning the availability of grant and loan funds to help implement the water supply project; and
- Assisted the Town's consulting engineer with the clarification requirements concerning CDBG financed construction contracts.

Raymond's representatives on the Commission are Mr Stephen Sloan and Mr. Sumner Dodge.

## DISPATCH CENTER ANNUAL REPORT 1984

The Dispatch Center has completed eleven years of service to the community. This past year we handled approximately 4,788 emergency calls for police, fire, or ambulance assistance plus several thousand calls for directions or information. We continue to grow at the same pace as the departments we dispatch for. Their increase in calls shows a steady growth in services rendered by this department as it is the first contact for police, fire ambulance, highway and animal control officer and several surrounding towns for fire and rescue.

We are going to update our house directory and our business directory this year and are asking for assistance from the townspeople. These directories are a great help in locating people in need of help who are too upset to give precise directions. We can consult the directory and give the officer or ambulance exact house numbers. It is also surprising how many delivery services come in or call for directions. If you have a small business in your home it is probably not listed in the phone directory. Please call with an address and phone number. If you are new in town please call us with your name and

house number. These numbers are a great help, now we all need to use them to full advantage.

The Dispatch Center is open 24 hours a day to serve you. Please feel free to call at any time or to stop by for a visit. You will find all the dispatchers to be friendly and willing to explain our functions.

We would also appreciate any suggestions on ways we could be of more service to the community.

Our thanks to the Raymond Police Department, Raymond Fire Department, the Raymond Ambulance Association, the Raymond Highway Department, the Animal Control Officer, Town Office Personnel and all other departments with whom we are associated, for another year of continued cooperation and assistance. Thanks also to the people of Raymond for their on-going interest and support.

Respectfully submitted,

Marion E. Lovejoy  
Chief Dispatcher

---

## REPORT OF THE POLICE CHIEF

This past year, the department has been extremely busy, thanks to citizen reporting and cooperation. We are happy to serve and trust that you will continue to keep us informed.

An analysis of the statistics included in this report indicates that we have increased the number of calls we answer by more than 20%. The work load has stretched us to such a limit that it is necessary to request an additional full-time man. The members of our department are dedicated and work many hours of overtime to bring cases to satisfactory conclusion.

The officers have received specialized training in the following areas: Intoximeter Operations, Crime Scene Management, Firearms Instruction, Police Office Certification, Mediation, White

Collar Crime Investigation, and in various Service Training Sessions.

Again this year we have come in under budget. We received a grant from the State Department of Highway Safety, which we used to put a third car on the road during high alcohol-related incident periods. The project was very successful and, with the grant of \$2,037.00, resulted in no cost to the town. We will seek funding for another project this year.

The department, with the assistance of William Carney, ran a Hunter Safety Training Session, from which fifteen students graduated. We intend to continue the training, consisting of ten hours of classroom instruction and five hours of field training, as long as there is an

interest. We have been working with Alcohol and Drug Task Force and hope to have results of a survey available for analysis by that group very soon. We have also had the privilege of assisting Boy Scouts and Cub Scouts in obtaining Merit Badges.

Our future plans include the completion of the 911 Telephone System by September 1, 1985; the establishment of a Crime Prevention Unit to assist our citizens in protecting against crimes; and the continued attempt to have an accredited Street Law Class at the High School and Junior High levels, which we hope to have finalized for the September session.

We extend our thanks and gratitude to all of the townspeople and town employees that have assisted us so much during the past year. We also recognize and appreciate the efforts and

assistance extended to us by the Fire Department, Highway Department, Ambulance Association, and Water Department. A special thanks goes to the people in the Dispatch Center, who are your first contact and who keep you informed until the completion of each service. We are happy to serve with them.

To the wives, husbands, and family members behind our officers, we are sincerely thankful and appreciative of their support.

We look forward to your continued support and input. Your Police Department is eager and ready to serve you.

Respectfully submitted,

Richard E. Dolan, Chief  
Raymond Police Department

## RAYMOND FIRE DEPARTMENT ANNUAL REPORT 1984

We had a total of 180 calls this year broken down as follows:

Brush Fires	21
Car Fires	15
Chimney Fires	16
Electrical Problems	8
False Alarms	10
Gas Wash Downs	18
hazardous Incidents	2
Jaws of Life	12
Miscellaneous	19
Mutual Aid	23
No School	2
Service Calls	11
Smoke Investigations	14
Structure Fires	9

We did 101 inspections broken down as follows:

Day Care Centers	5
Fire Safety	12
Foster Home	5
Occupancy	39
Oil Burner	6
Wood Stove	34

Both the number of calls and the number of inspections is up considerably from last year which reflects the growth of the town.

The value of structures involved in fire this year amounts to \$1,679,100.00 with an estimated loss of \$93,000.00. We had a potentially disastrous fire in the Longbranch building, but damage was kept to a minimum by an aggressive

group of firemen who made an excellent "STOP."

Engine 2 had been overhauled and will now pump more than rated capacity. We are looking to make it into a foam truck in addition to being a pumper. We also purchased new helmets for all the firemen. They meet or exceed OSHA and NIOSH specifications.

Twenty one firemen went through a 23-hour pump operators class using our own trucks to train on. During the year, we conducted training on the use of Foam, Jaws of Life, Hose use and care, Ladders, Plastics, Electrical problems, Search and rescue from drowning incidents, Self-Contained Breathing Apparatus, Rescue from school bus, Ice and Cold water rescue.

I want to sincerely thank everyone who has given us a helping hand this year including McDonalds for food and drink, The Ambulance Association for standing by, the Police Department for traffic and crowd control, the Dispatchers, and most specially all the firemen who put in more than 3200 man hours putting out fires, maintaining the equipment and training day and night all days of the week, whether it is nice weather, below zero, freezing rain, or 95 in the shade with extreme humidity. Their families who put up with interrupted meals, parties, outings, sleep, etc., deserve a great big warm Thank You.

Respectfully Submitted,  
Gordon E. Gould, Chief

## REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a \$1000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All

open fires when the ground is not covered with snow must be authorized by the local Forest Fire Warden. persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a \$1000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

## REPORT OF HIGHWAY AGENT

Another fifteen hundred linear feet of Langford Road was reconstructed in 1984. Three thousand six hundred feet remain and is scheduled for completion in the upcoming year.

The project of upgrading Epping Street, with the addition of new Cape Cod style sidewalks, was begun last year and will continue toward its completion throughout this year and next.

Resurfaced with a minimum one-inch overlay of hot top were the following roadways: Floral Avenue; Downing, Dudley, Gould, Gove and School Streets; Melody Lane; and one thousand feet on each of Batchelder and Prescott Roads.

The Onway Lake Road bridge was removed, and a three hundred foot section of road

widened and reconstructed to accommodate two-way traffic. A culvert was installed, suitable for the passage of snowmobiles, utilizing the exempt railroad tracks.

A sincere "thank-you" to all whose combined efforts continue to make the Raymond Highway Department an efficient operation. A special thanks to all crew members for their quick responses whenever called upon, and to their families for patience and tolerance of an unpredictably disrupted winter schedule.

Respectfully submitted,

Kevin C. Hammond  
Highway Agent

## RAYMOND RECREATION COMMISSION ANNUAL REPORT

1984 was the most successful yet for the Parks and Recreation Department. Aerobics continues to draw the most consistent numbers with many sessions' enrollment topping 70. This program meets 5 nights a week for most of the year. The leaders volunteer their services on a year-round basis. Their efforts are commendable and the Commission appreciates the considerable time and energy they contribute.

Last winter the Recreation Department offered several new programs. They include Saturday Swimming Lessons at New Hampshire College with 50 children registered; Saturday Skiing Lessons with 40 children registered; Youth Indoor Soccer League with 6 teams competing on a weekly basis. Other successful programs included Woodworking Classes, Black and White Photography, Beginning Computer Literacy and Advanced Computer Literacy, Women's Fitness, Children's Basketball, trips to Boston Garden, Sailing and Seamanship, Boating Safety, Wok Cooking, Calligraphy, Youth Gymnastics, Co-ed Volleyball, Women's Volleyball, Young Adults' Basketball, Men's Basketball, Men's Indoor Soccer, Jr. High Indoor Soccer, and the Outing Club.

During the summer the Recreation Department worked on the Raymond Town Fair Committee selling advertisements, preparing and printing the Brochure, lining up entertainment, and organizing the Annual Road Race. The Department also sponsored a week-long Soccer Clinic open to area children which was very well attended.

Swimming Lessons at Onway Lake were as popular as ever with 130 children taking lessons from Anne Edwards. Anne has worked or volunteered summers at Onway Lake since 1977. Over those 8 summers she has been an integral part of the swimming instruction of a very large number of children. Recently Anne has been volunteering her services as a chaperone on trips, helping at the Road Races, and giving community swimming lessons at New Hampshire College.

The Summer Playground set new records this year with more than 260 children attending during the 7-weeks' period. A large portion of the success of that program belongs to the hard work and dedicated staff who were committed to being sure that everyone on the Playground

had fun. Most members of that team are returning and we are hopeful for another successful year in '85. This past summer trips included weekly trips to Pawtuckaway plus special trips to Canobie Lake, Stoneham Zoo, the Isles of Shoals, Odiorne State park, Cannon Mountain and The Flume, Fort Foster in Kittery, Maine, Squam Lake Science Center, and roller skating.

There were many special event days throughout the summer — cookouts, rainy day roller skating trips. The summer culminated with an Olympic Day at which children of parents from Malaysia who are attending New Hampshire College were invited to compete in the day's events.

The Department attempted without success to establish weekly transportation to Pawtuckaway State and roller skating in Manchester. We hoped that this would provide teenagers with an avenue for recreational activities by providing them with what they need most, transportation.

This Fall and early Winter Adult Education programs have again gained popularity with Bookkeeping, Black and White Photography, Computer classes offered on a weekly basis. Again aerobics continues to be the top seller judging by the tremendous number of participants. Youth Indoor Soccer has expanded to include 10 teams this year with teams from Raymond competing against teams from Derry, Exeter, Manchester, Londonderry and Kingston. This year during the Christmas break they were treated to a special Indoor Soccer Clinic at New Hampshire College at which they enjoyed all the facilities there, including the pool.

The Commission wishes to thank the Recreation Department employees who all worked hard during the Spring and Summer to insure that all of the baseball fields were well-groomed and in the best possible playing shape. This task, lining for the more than 150 games, is seldom really noticed unless it *isn't* done. If things are going smoothly, the workers are long gone before the games begin.

The Commission also would like to thank the many volunteers who so eagerly give their time in support of many of the Recreation Department activities. Several programs, Aero-

bics and Youth Basketball, for example, run entirely on volunteers. Others are supported with a network of volunteers as well as paid staff. This year was the best year yet as far as volunteers on the Playground goes. Playground personnel were helped almost daily by the parents who participated in the program as chaperones and helpers. The Commission has instituted a program of volunteer awards to recognize those individuals who donate their time and services.

A large portion of the work done by the Recreation Department is in support of various established, well-run community service groups. In some instances the Department may provide direct services, as in the case of the RYAA by maintaining the baseball fields. In other areas the Department provided merely adver-

tisement and a contact place, as in the case of the Sunrise Food Co-op. In all cases the Department is attempting to help all groups provide the best service they possibly can by providing whatever help needed.

The Commission is looking forward to another successful year in '85 and urges individuals with comments and ideas to come forward and express them at the Commission meetings which are held the second Thursday of every month in the Raymond High School.

## EXETER AREA VISITING NURSE ASSOCIATION, INC.

1984 marked the seventeenth year the Exeter Area Visiting Nurse Association has provided professional and caring health services to the residents of the Exeter area. From 1958 to mid 1967 the Exeter VNA employed one nurse who visited within the town of Exeter only. Seventeen years later, the Exeter Area VNA is providing skilled and therapeutic services to a population of over 40,000 in twelve towns. The caring and the warmth are still very much evident as the staff provides many more services with up-to-date skills and competence. The Agency has increased from one nurse to a staff of thirty-one, including therapists, nutritionists, physicians and nurse specialists.

16,352 units of service were provided by EAVNA staff during 1984, seven days a week and twenty-four hours a day. The EAVNA provides Home Care today that meets the increased and frequently technical needs of its clientele as hospitals are discharging patients "quicker and sicker." People are now in need of health services at home that before were thought to be only possible in a hospital. The EAVNA staff is skilled and current in its knowledge and abilities.

The services provided in 1984 by programs are:

**CARE OF THE SICK** — 12,343 visits — These include home and office visits by nurses, and

aides and therapists.

**MATERNAL AND CHILD HEALTH** — 1,474 units of service — includes home visits and clinic services.

**ADULT HEALTH** — 2,535 units of service — includes Blood Pressure Screenings, Foot Care, Sugar and Iron, Health Risk Appraisals, Diphtheria and Tetanus, Flu Protection, Health Teaching and Nursing Assessments.

The Agency continues to provide a clinical setting for Home Health to students from area schools and universities.

The shift of health care from hospitals to home and community, which began a few years ago, is proving to be cost effective and preferred by many.

## REPORT OF THE DUDLEY-TUCKER LIBRARY

The Dudley-Tucker Library had a busy year in 1984. The Library Board of Trustees, Iber Gove, Margaret Case, and Barbara Beardsley, have met regularly and Margaret Case and I attended the NH Library Trustees Association meeting in the fall. I have attended the Merri-Hill-Rock Cooperative meetings, computer workshops sponsored by the NH State Library, New Hampshire Library Association's Spring Conference and Annual Fall Meeting, Forum VI meetings, and the Drug and Alcohol Abuse Workshop held at the Raymond High School Media Center. I also took four courses towards my Masters degree in Library Science.

Regular programs at the library include Story Time at 1:30 on Friday afternoons and Early-Release Wednesday Films. The Raymond Writer's Group meets on Thursday evenings from 7 - 8:30. The morning and afternoon sessions of the Raymond Head Start come to the library for films at least once a month. For this, we received a certificate "For Outstanding Volunteer Service to Project Head Start." Ms. Loeffler's second graders came as a group to the library last spring and this fall Ms. Mesmer and Ms Gingras brought their fifth graders. Last spring we sponsored the MS Read-A-Thon with 25 participating children.

Our Summer Reading Program was "Go For the Gold-Go to Your Library." Using the olympics theme each book read would move a Marathon Reader around a track. The Wrap-Up Party was held on August 13, 1984. For adults we offered several programs. Julie Brown showed slides of her mission trip to Mexico. Jennie Janerico sponsored a program: The Healing of the Nations." Two film programs were also held: "A Jury of Her Peers" and The Gilding of Granny Weatherall," and "Pysanka: The Ukranian Art of Egg Decorating" with Karen Wells. The Adult Tutorial Program sometimes uses the upstairs room.

### Statistics of 1984

Circulation	
Adult	13,036
Juvenile	9,362
Total	22,398
New Registered Patrons	369
Average Monthly Attendance	
(Number includes all activities as well as general library use.)	780
New Materials Added to the Collection (By purchase and gift)	778
Per Capita Expenditure for 1983 (Latest available statistic)	\$2.66

## ACCOUNTANTS REPORT OF FINANCIAL PRESENTATION

To the Members of  
the Board of Selectmen  
Town of Raymond  
Raymond, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Raymond, New Hampshire as of and for the year ended December 31 1984, as listed in the table of contents. Our examination was made in accordance with generally accepted government auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Trustees of Trust Fund's records were incomplete and are not included in this report. They will be examined at a later date and a separate audit report will be issued covering these funds.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, and the omission of the Trustees of Trust Fund's records, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Town of Raymond, New Hampshire at December 31, 1984 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statement. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Raymond, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

The Town of Raymond audit for the year ending December 31, 1984 may be viewed in its entirety at the Raymond Town Office Building, Selectmen's Office.

TOWN OF RAYMOND  
ACCOUNTANT'S REPORT ON COMPLIANCE

To the Members of  
the Board of Selectmen  
Town of Raymond  
Raymond, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Raymond for the year ended December 31, 1984, and have issued our report thereon dated January 18, 1985. Our examination was made in accordance with generally accepted government auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Trustees of Trust Fund's records were incomplete and are not included in this report. They will be examined at a later date and a separate audit report will be issued covering these funds.

In connection with our examination we also (1) performed tests of compliance with the Revenue Sharing Act and regulations as detailed in the *Commentary on the Audit Requirements of the 1980 Amendments to the State and Local Fiscal Assistance Act* as well as the 1983 Amendments issued by the Office of Revenue Sharing, U.S. Department of the Treasury, and (2) compared the data on the appropriate Bureau of Census Form RS-8 with the audited records of the Town of Raymond.

In our opinion, for the items tested, the Town of Raymond complied with the aforementioned provisions of the Revenue Sharing act and regulations. Further, based on our examination and the procedures referred to above, nothing came to our attention to indicate that the Town of Raymond had not complied with the aforementioned provisions of the revenue Sharing Act and regulations.

January 18, 1985

## THE STATE OF NEW HAMPSHIRE

The polls will be open from 10:00 A.M. to 7:00 P.M.

To the inhabitants of the Town of Raymond, in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Raymond High School gymnasium in said Raymond on Tuesday, the twelfth day of March, 1985, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. Are you in favor of increasing the Board of Selectmen to five (5) members? (Inserted on petition of 2% or more of the registered voters.)

3. Whereas, there is a strong need for elderly housing in the Town of Raymond; and

Whereas, the need for elderly housing is growing and will continue to grow for many years; and

Whereas, inflation has ravaged the resources of elderly citizens; and

Whereas, the costs of housing for the elderly have skyrocketed; and

Whereas, the services that the Town provides for elderly citizens such as police and fire protection, waste facilities, and highway maintenance, are small in comparison to the rest of the population of the Town, which requires schools that consume more than 80% of the real estate taxes paid in Raymond; and

Whereas, elderly citizens have fought and worked for many decades to make our Town and Nation great; and

Whereas N.H. Revised Statutes Annotated, Chapter 354-A, the New Hampshire "Law Against Discrimination," specifically permits plans for a retirement or similar community or establishment limited to persons over a certain age, not less than forty-five years;

Now therefore, be it resolved to amend the Zoning Ordinance of the Town of Raymond to add land to be used for Adult Mobile Home Parks, by adopting the following:

Amend Article II, Zone H — Adult Mobile Home Park, by adding the following language:

"and shall include approximately 17.5 acres of land of Raymond Tax Map number 8, Lot number 42 adjacent to Englewood Mobile Home Park, more particularly bounded and described as follows: Beginning at the northwesterly corner of the present area of Englewood Park and at a point approximately 260 feet northerly of Harriman Road; thence along a stone wall and a row of stakes in a northeasterly direction a distance of 921 feet, more or less, to an iron pipe located at the southerly side of Cilley Road; thence running along Cilley Road in a southeasterly direction a distance of approximately 1088 feet to a stake and stones; thence running southwesterly along a wire fence and stone wall a distance of 453 feet, more or less, to a drill hole within the wall located at the northeasterly corner of the existing park; thence North 58° West a distance of 240 feet along the park to a stake; thence turning and running South 34° 42' West an approximate distance of 430 feet along the existing park to a stake; thence turning and running along the rear of the existing park in a general northwesterly direction a distance of 764 feet, more or less, to the point of beginning." (Inserted on petition of twenty-five or more registered voters.)

THE PLANNING BOARD RECOMMENDS A "YES" VOTE ON THIS ARTICLE.

4. To see if the Town will vote to enact the amendments to the Zoning Ordinance as proposed by the Raymond Planning Board.

Given under our hands and seal this eleventh day of February, in the year of our Lord nineteen hundred and eighty-five.

James R. Turner  
Sally L. Paradis  
Harold R. Wood, Jr.  
Selectmen of Raymond

## THE STATE OF NEW HAMPSHIRE

The Polls will Open at 10:00 A.M.

To the Inhabitants of the Town of Raymond, in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Raymond High School Gymnasium in said Raymond on Saturday, the sixteenth day of March, 1985, at ten of the clock in the forenoon, to act upon the following subjects:

1. To see if the town will vote to raise and appropriate the sum of Four Hundred Twenty-eight Thousand Dollars (\$428,000) for the construction of an alternative water supply in order to provide a safe, adequate and dependable supply of potable water for the residents in the area of the Raymond Landfill Site. The project will consist of the extension of the public water distribution system to the affected area, and such other related facilities as may be necessary. Such sum to be raised by the issuance of Serial bonds or notes in an amount not to exceed \$428,000, and in compliance with the provisions of the Municipal Finance Act (Chapter 33 of the N. H. Revised Statutes Annotated and any amendments thereto). And further, to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other action as may be necessary to effect the issuance, negotiation, and delivery of such bonds or notes as shall be in the best interest of the Town of Raymond, and to pass any vote relating thereto. The sum to be raised by the issuance of Serial Bonds or notes in an amount not to exceed \$428,000, may be reduced by the amount of funds from grants-in-aid or other funds as may now or hereafter be forthcoming from Federal, State, local or private agencies, that would benefit the town.

RECOMMENDED BY THE BUDGET COMMITTEE.

2. To see if the town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the town meeting, money for the State, Federal, or other governmental unit, or a private source, which becomes available during the year, provided the monies be used only for legal purposes for

which a town may appropriate money and that the expenditure not require the expenditure of other town funds. Further, that the Selectmen will hold a public hearing on the action to be taken.

3. To raise such sums of money as may be necessary to defray town charges for the year ensuing and make appropriations of same.

4. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

5. To see if the town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the town by tax collector's deed by public auction (or advertised sealed bid) or in such other manner as determined by the Selectmen as justice may require.

6. To see if the town will vote to transfer Fifty Thousand Dollars (\$50,000) from the Highway Department Capital Reserve Fund to the General Fund, with this sum to be applied toward the cost of the two vehicles purchased in 1984. RECOMMENDED BY THE BUDGET COMMITTEE.

7. To see if the town will vote to appropriate the sum of Forty-eight Thousand Dollars (\$48,000) as the town's share for replacing the Prescott Road Bridge, and to authorize the withdrawal of this sum from the Federal Revenue Sharing Fund. This appropriation is contingent upon receipts of Two Hundred Twenty-four Thousand Dollars (\$224,000) in Federal aid, and Forty-eight Thousand Dollars (\$48,000) in State aid. RECOMMENDED BY THE BUDGET COMMITTEE.

8. To see if the town will vote to appropriate the sum of Fifteen Thousand Dollars (\$15,000) for the purpose of implementing the closure of the landfill site, and to authorize the withdrawal of this sum for this purpose from the Federal Revenue Sharing Fund. RECOMMENDED BY THE BUDGET COMMITTEE.

9. To see if the town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) for the purpose of acquiring sections of the Boston and Maine right-of-way

in Raymond. RECOMMENDED BY THE BUDGET COMMITTEE

10. To see if the town will vote to increase the price of cemetery lots from One Hundred Twenty-five Dollars (\$125) to One Hundred Seventy-five Dollars (\$175) for a single space lot. Of the price, One Hundred Twenty-five Dollars (\$125) is to be placed in a Capital Reserve Fund established for the purpose of improving and expanding the town's cemeteries naming the Selectmen as agents for the fund, and Fifty Dollars (\$50) is to be placed in the Cemetery Trust Fund Account, with interest earned to be used for perpetual care.

11. To see if the town will vote to transfer the funds received previously from the sale of cemetery lots and saw logs, currently in three savings accounts maintained by the town treasurer, to the Capital Reserve Fund established by Article 8 above. The savings account numbers are 7007758620, 7008829220, and 7008457320, totaling \$23,448.67, as of December 31, 1984.

12. To see if the town will vote to accept the Raymond Industrial Associates Fund in the amount of \$1,331.02 plus accrued interest, now on deposit with the town, and pursuant to N.H. Revised Statutes Annotated Chapter 31:37, pay said Fund over to the Trustees of Trust Funds to hold for purposes of management and investment as provided by statute, and to name the Selectmen as agents for the Fund, which shall be used to promote the Town of Raymond. RECOMMENDED BY THE BUDGET COMMITTEE.

13. To see if the town will vote to adopt the provisions of N.H. Revised Statutes Annotated Chapter 162-J, so as to allow the town to foster and encourage the development of industrial facilities within its boundaries through a voluntary, non-profit corporation to be formed under the provisions of N.H.R.S.A. 292:1-17, alone or in concert with one or more other governmental units, by acquiring, developing, expanding, leasing, and disposing of such facilities. (Inserted on petition of twenty-five registered voters.)

14. To see if the town will vote to establish the Raymond Industrial Corporation, a volun-

tary, non-profit corporation to be formed under the provisions of N.H. Revised Statutes Annotated, Chapter 292:1-17, for the purpose of implementing N.H. Revised Statutes Annotated Chapter 162-J:8 by fostering and encouraging the development of industrial facilities within the Town of Raymond; and upon the eventual dissolution or liquidation of such corporation, all of its assets shall vest in and be distributed to the town to take action relative thereto.

15. To see if the town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) as a donation to the Raymond Ambulance Fund Association, Inc., a private, non-profit association which provides emergency care and transportation of citizens to the hospital and is operated solely by donations. The sum is to be used toward obtaining a second ambulance to provide needed coverage of an expanding population in our area. (Inserted on petition of ten or more registered voters.) SUBMITTED WITHOUT RECOMMENDATION OF THE BUDGET COMMITTEE.

16. To see if the town will vote to raise and appropriate the sum of Six Thousand, Eight Hundred Dollars (\$6,800) to provide drainage in the Butterfield Lane/Lane Road area. SUBMITTED WITHOUT RECOMMENDATION OF THE BUDGET COMMITTEE.

17. To see if the town will vote to raise and appropriate the sum of Eight Thousand, Four Hundred Fifty Dollars (\$8,450) for the support of the Exeter Area Visiting Nurse Association. (Inserted on petition of ten or more registered voters.) RECOMMENDED BY THE BUDGET COMMITTEE.

18. To see if the town will vote to raise and appropriate the sum of Two Thousand, Five Hundred Dollars (\$2,500) to assist the Seacoast Regional Mental Health Center, Inc. (Inserted on petition of ten or more registered voters.) RECOMMENDED BY THE BUDGET COMMITTEE.

19. To see if the town will vote to raise and appropriate the sum of Six Thousand, Six Hundred Eighty-eight Dollars (\$6,688) for the Greater Raymond Community Action Center, part of the Rockingham County Com-

munity Action Program, Inc., a private, non-profit, anti-poverty agency. This amount represents 2.5% of \$267,531, the value of services rendered to Raymond residents from September 1, 1983 through August 31, 1984. (Inserted on petition of ten or more registered voters.) RECOMMENDED BY THE BUDGET COMMITTEE.

20. To see if the town will vote to raise and appropriate the sum of Three Thousand, Eight Hundred Seventy Dollars (\$3,870) to assist Rockingham Child and Family Services, a private, non-profit organization, to continue to provide counseling services for individuals and families of Raymond. This \$3,870 represents the pro-rated uncollected amount for services already rendered last year to Raymond residents for a total of 397 sessions with an actual cost of \$17,865 to Rockingham Child and Family Services. (Inserted on petition of ten or more registered voters.) RECOMMENDED BY THE BUDGET COMMITTEE.

21. To see if the town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000) for the Newmarket Regional Health Center services and programs, including both the Medical Program and the Senior Citizens Transportation Program. (Inserted on petition of ten or more registered voters.) RECOMMENDED BY THE BUDGET COMMITTEE.

22. To see if the town will vote to raise and appropriate the sum of Two Thousand, Five Hundred Dollars (\$2,500) to defray a portion of the cost of services rendered by the Area Homemaker-Home Health Aide Service, Inc. (Inserted on petition of ten or more registered voters.) RECOMMENDED BY THE BUDGET COMMITTEE.

23. To see if the town will vote to instruct the Board of Selectmen to retain any and all washed sand material at the Water Department site on Old Manchester Road. Said sand to be used solely for the purpose of any town use, for any town project or maintenance as needed. Further, said washed sand will have a fixed price at per cubic yard to be paid to the Water Department. (Inserted on petition of ten or more registered voters.)

24. To see if the town will vote to instruct the Board of Selectmen to cause the removal of the fifteen-inch diameter road culvert that was installed last year at Prescott Road for the purpose of draining surface water from the landfill into the Lamprey River. Further, Selectmen will cause the engineering study to provide for control of any surface water from draining onto Prescott Road. (Inserted on petition of ten or more registered voters.)

25. To see if the town will vote to elect annually the Chief of Police for the Town of Raymond in accordance with the provisions of R.S.A. 41:47, the first election of a police chief to be held at the annual town meeting in 1986. (Inserted on petition of ten or more registered voters.)

26. To see if the town will vote to adopt the following By-Laws:

#### No. 85-1 LOITERING

No person shall conduct himself in a rude or disorderly manner nor use indecent or profuse or insulting language in any street, public place, or public building in the town, nor be or remain upon any doorstep, portico, or other projection from any such building nor in any public hall or entrance thereto to the annoyance or disturbance of any person; nor shall any person engage in any game, sport, or amusement in any public street of the town whereby the safe and convenient use thereof by travelers thereon shall in any way be interrupted or the occupants of adjoining buildings be unreasonably annoyed or disturbed.

#### No. 85-2 ALCOHOL PROHIBITED

No person shall consume any liquor or beverage or possess any opened container thereof, as defined by N.H. Revised Statutes Annotated Chapter 175:1, while in any vehicle upon a public highway or while upon any public highway, sidewalk, common, beach, or other public lands, within the limits of the Town of Raymond.

#### No. 85-3 USE OF PUBLIC PROPERTY

All public parks, cemeteries, conservation areas and other public lands are closed to the public from nine o'clock in the evening (9:00 P.M) until sunrise, except with written permission of the Board of Selectmen.

- A. Penalty — Any person violating any of the provisions of these By-Laws or the rules and regulations made under the authority thereof, shall be liable to a penalty of not more than One Hundred Dollars (\$100) for each offense.
- B. Validity — The invalidity of any provision or section of these By-Laws shall not affect the validity of any other provision or section of these By-Laws.

These By-Laws will take effect upon their passage by the Annual Town Meeting of the Town of Raymond.

27. To see if the town will vote to adopt the following By-Law:

No. 85-4 PARKING

Parking regulations along the northeasterly side of Main Street from Depot Street to Epping Street shall be as follows:

1. Head-in parking only
2. No parking allowed from the one-way street to Epping Street from nine o'clock in the evening (9:00 P.M.) until sunrise.
  - A. Penalty — any person violating any provision of this By-Law shall be guilty of a Violation.
  - B. The invalidity of any provision or section of this By-Law shall not effect the validity of any other provision or section of this By-Law.

This By-Law will take effect upon its passage by the Annual Town Meeting of the Town of Raymond.

Given under our hands and seal this eleventh day of February, in the year of our Lord nineteen hundred and eighty-five.

James R. Turner  
Sally L. Paradis  
Harold R. Wood, Jr.  
Selectmen of Raymond

\_\_\_\_\_, 1985

We hereby certify that we gave notice to the inhabitants within named to meet at the time and place and for the purpose within mentioned, by posting an attested copy of the within warrant at the place of meeting within named and a like attested copy at the Town Office building, being a public place in said town on the \_\_\_\_\_ day of February, 1985.

James R. Turner  
Sally L. Paradis  
Harold R. Wood, Jr.  
Selectmen of Raymond

**RAYMOND SCHOOL DISTRICT MEETING**  
**March 10, 1984**

The Raymond School District Meeting was called to order at 3:30 P.M. in the Raymond Consolidated School Gymnasium by the Moderator, Frank G. Case. The moderator read the School District Warrant.

The Reverend Roy Graves offered the prayer and the Pledge of Allegiance was recited by all.

The moderator stated that he would be conducting the meeting under the Simplified Rules of Order.

Method of Voting: Articles that were not voted upon by secret ballot were voted upon by raising "orange" colored voting cards with the letter "J" printed on them, unless declared otherwise by the moderator. The moderator stated that a secret ballot could be requested by any five (5) members of the community. School district voters received their voting cards from the ballot clerks after stating their name to the ballot clerk and being checked off on the check list.

**BALLOT CLERKS:**

Assunta Ege	Margaret Case
Elizabeth Robinson	Pauline Gordon
Rita Curtis	Delmar Anderson
Joan King	Marilyn Bagley

The moderator introduces officials from the Superintendent's Office, the School District Clerk, School Board and the Budget Committee.

**Article 1**

Motion: By Kathleen Hoelzel, duly seconded by Hughin Holt that the report of the auditors for the Raymond School District be accepted and placed on file.

Voted by a show of cards. Voted in the AFFIRMATIVE.

**Article 2**

Motion: By Susan Newton, duly seconded by Tim Demeritt that the school district authorize the School Board to apply for, accept and expend, without further action by the school district meeting, money from the state, federal or other governmental unit or a private source which becomes available during the 1984-1985 school fiscal year provided that such expenditure be made for purposes for which a school district may appropriate money and

that such expenditure not require the expenditure of other school district funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.

Voted by a show of cards. Voted in the AFFIRMATIVE.

**Article 3**

Motion: by Susan Newton, duly seconded by Kathleen Hoelzel that the school district accept and expend up to \$10,000.00 (ten thousand dollars) for the federal programs such as ECIA Block Grants. Energy Conservation Grants and other miscellaneous programs; with the amounts set forth for each program estimated so that the amounts for any one program may be overexpended so long as the total amount for all the programs does not exceed \$10,000.00 (ten thousand dollars).

Voted by a show of cards. Voted in the AFFIRMATIVE.

**Article 4**

Motion: By Sandra Ellis, duly seconded by Hughin Holt that the Raymond School District choose one Raymond voter to serve as a member of the Raymond Staff Development Committee for a two (2) year term.

Voted by a show of cards. Voted in the AFFIRMATIVE.

Motion: By Sandra Ellis, duly seconded by Susan Newton to nominate Delmar Anderson to serve as a member of the Raymond Staff Development Committee for two (2) years.

The moderator then asked for any other nominations from the floor.

Motion: By James Demeritt, duly seconded by Donna Margaritis to nominate Carolyn Cottrell to serve as a member of the Raymond Staff Development Committee for two (2) years.

Motion: By Hughin Holt, duly seconded by Sandra Ellis that the nominations be closed.

Voted by a show of cards. Voted in the AFFIRMATIVE.

The moderator then asked the floor to vote by a show of cards for a member to serve on the Raymond Staff Development Committee for two (2) years. The card vote was counted.

Delmar Anderson: 148 votes

Carolyn Cottrell: 64 votes

The moderator declared Delmar Anderson

as member of the Raymond Staff Development Committee for two (2) years.

#### **Article 5**

Motion: By Hughin Holt, duly seconded by Tim Demeritt that the district raise and appropriate \$5,000.00 (five thousand dollars) as a contingency fund, to meet the cost of unanticipated expenses, all in accordance with FSA 198:4-b. Further, that any surplus in this account at the close of the fiscal year be transferred to the capital reserve fund for renovation of existing buildings and the construction of additional school buildings, and for the cost of such renovations and construction.

Voted by a show of cards. Voted in the AFFIRMATIVE.

#### **Article 6**

Motion: By Kathleen Hoelzel, duly seconded by Sandra Ellis that the district vote to appropriate \$1.00 (one dollar) to acquire an option on approximately 24 acres of land located in the proposed Blueberry Hill Estates Subdivision, Raymond, New Hampshire, from Blueberry Hill Associates, such option to continue through March 30, 1985.

A general discussion followed and a motion was made by Hughin Holt, duly seconded by Tim Demeritt to amend Article 6 to read as follows.

AMMENDMENT: That the district vote to appropriate \$1.00 (one dollar) to acquire approximately 24 acres of land located in the proposed Blueberry Hill Estates Subdivision, Raymond, New Hampshire, from Blueberry Hill Associates. This purchase to be completed by March 30, 1985, for the land to build a school building.

Amended Article 6 voted on by a show of cards. Voted in the AFFIRMATIVE.

#### **Article 7**

Motion: By Marion Lovejoy, duly seconded by Nancy Page that the district vote to authorize the school board to consider the construction of an additional approved school facility in the amount of approximately \$4,000,000.00 (four million dollars).

A motion was made by Mr. Ladd, duly seconded by Leslie Hoelzel to amend Article 7 to read as follows.

AMENDMENT: That the district vote to

form a School Building Committee to be composed of one (1) selectman, two (2) school board members, two (2) planning board members, the building inspector and six (6) Raymond citizens. Said committee to stay in effect until completion of any approved school building.

Voted on by a show of cards which were counted.

Total Votes:	242
In Favor:	173
Opposed:	69

Amended Article 7 voted in the AFFIRMATIVE.

It is noted in these minutes that the School Board abstained from voting on Article 7.

#### **Article 8**

Motion: By Marion Lovejoy, duly seconded by Nancy Page that the district direct the School Board to initiate steps for tuitioning Raymond high school students out-of-district commencing with ninth (9th) graders in the 1985-1986 school year, progressing by grade yearly to include all high school students by the 1988-1989 school year.

Voted by a show of cards, Voted in the NEGATIVE.

It is noted in these minutes that the School Board abstained from voting on Article 8.

#### **Article 9**

Motion: By Susan Newton, duly seconded by Kathleen Hoelzel that the district vote to instruct the School Board to petition the State Board of Education for authorization to withdraw the Raymond School District from School Administration Unit #15, and to form its own School Administrative Unit.

Voted by a show of cards which were counted.

Total Votes:	202
In Favor:	192
Opposed:	10

Voted in the AFFIRMATIVE.

#### **Article 10**

Motion: By Tim Demeritt, duly seconded by Kathleen Hoelzel that the district raise and appropriate the sum of \$60,359.00 (sixty thousand, three hundred fifty-nine dollars) to fund the cost items related to an increase in salaries and benefits for the 1984-1985 school fiscal year; such sum of money representing

the additional costs attributable to the increase in salaries and benefits over those obligations payable under the first year of the Collective Bargaining Agreement, this being the first year of a three (3) year contract.

Voted by a show of cards. Voted in the AFFIRMATIVE.

#### Article 11

Motion: By Tim Demeritt, duly seconded by Susan Newton that the school district raise and appropriate \$3,423,673.00 (three million, four hundred twenty-three thousand, six hundred seventy-three dollars) for the support of schools, for the payment of salaries and benefits for school district officials and agents other than benefits and salary increases to teachers; and for the payment of the statutory obligations of the school district.

A motion was made by Donna Margaritis, duly seconded by James Demeritt to amend Article 11 to read as follows.

AMENDMENT: To see if the District will for the support of schools appropriate the sum of \$3,100,000.00 (three million, one hundred thousand dollars) for the payment of salaries and benefits for school district officials and agents other than benefits and salary increases to teachers; and for the payment of the statutory obligations of the school district.

A secret ballot was requested by the following people:

Verta McCall	Donald R. Wilson
Carolyn Cottrell	June C. Wilson
James Demeritt	Judith Mains
Arthur Rollins	Donna Margaritis
Edward Fahey	

Voted on by a pink secret yes and no ballot.

The ballot box was opened for inspection by the assistant moderator, Nelson Sherman, and they were declared empty.

The polls were declared open at 7:08 P.M. The moderator declared a short recess while those present voted and the ballots were counted.

The polls were declared closed at 7:22 P.M.

Total Ballots Cast: 222

Yes: 75 No: 147

Amended Article 11 was voted in the NEGATIVE.

The voters then voted on the original Article.

A secret ballot was requested by the following people:

Donna Margaritis	Verta McGall
James Demeritt	Carolyn Cottrell
Harriet Cady	Edward Fahey
Chester Cady	

Voted on by a blue secret yes and no ballot.

The ballot box was opened for inspection by the assistant moderator, Nelson Sherman, and they were declared empty.

The polls were declared open at 7:35 P.M. The moderator declared a short recess while those present voted and the ballots were counted.

The polls were declared closed at 7:50 P.M.

Total Votes Cast: 185

Yes: 155 No: 30

Article 11 voted in the AFFIRMATIVE.

A resolution was read by Hughin Holt thanking Frank Case for serving as moderator for the school district of Raymond for many years and a plaque was presented to him.

RESOLUTION: "Frank begins with F, and I've thought up a number of words beginning with F. Frank is friendly and funny, his sense of humor is the thing which I think makes some of these meetings the tolerable thing which they have become. No one is put down and no one feels as though he's been embarrassed at a meeting which is run by Frank Case. He is firm and fair, he's somewhat informal. In fact, I've never seen him quite as informal as he's been tonight, it borders on sloppy. That doesn't begin with an F. The rules by which he runs the meeting are, however, I think fair and he is quite firm. They're simple and I think we all understand them. No one comes away from a meeting that Frank Case has run feeling he or she was unfairly treated. I've also discovered tonight, in all modesty, Frank says he's also photogenic. Now, that doesn't begin with an F - but anyway. And so I'm sure you all want to turn to Channel 50 tonight and watch Frank as he stands. Did you manage to get your head over the top of the charts? In any event, he's going to be missed at school district meetings, and I have a plaque, and I'll read the plaque. 'Presented to Frank G. Case for dedicated service to the Raymond School District, presented on

March 10, 1984, by the School Board and entire educational community of Raymond'."

Motion: By Sandra Ellis, duly seconded by Susan Newton that the meeting be adjourned.

Voted by those present by voice - Aye or Nay. Voted in the AFFIRMATIVE.

The Raymond School District Meeting was adjourned at 8:00 P.M.

## SUPERINTENDENT'S REPORT

As a continuation of the Management by Objective System for the four districts of Auburn, Candia, Hooksett and Raymond, the following objectives were adopted for the 1984-85 school year by the S.A.U. #15 Board:

- \* to develop a guide for Annual School District Meeting
- \* to coordinate the implementation of a marketing plan which will provide each district with the opportunity to improve their public relation skills
- \* to direct the ongoing curriculum identification and review process for the 1984-85 school year
- \* to implement a teacher supervision model which would be consistent with the management by objectives philosophy
- \* to develop a Classified Employee Handbook.

Serving with me to meet the above objectives were two new administrators of S.A.U. #15; Mr. Carl Batchelder, Assistant Superintendent for Instruction and Special Education and Dr. Kenneth Severson, Assistant Superintendent for Business and Finance.

Mr. Batchelder holds a Master's Degree in Education from Plymouth State College. Prior to his appointment at S.A.U. #15 he served as principal in Nottingham, New Hampshire and more recently in Brookfield, Massachusetts. His background in the educational field is extensive, and since his appointment Mr. Batchelder has supervised the various phases of the Instructional and Special Education areas in the central office.

Dr. Severson earned his Master's Degree in Educational Administration at Columbia University, and completed his Doctoral program at Nova University, Florida majoring in Educational Administration. Dr. Severson has served as Superintendent of the Rutland-Windsor, Vermont, Supervisory Union School District and as principal of other Vermont schools during his career in education.

Dr. Severson is responsible for the numerous duties related to Business and Finance at S.A.U. #15.

The Raymond School District recognizes the importance of the educational administrator's role in leadership for learning. In an effort

to more effectively utilize the leadership skills of building principals in each of our schools, a revised teacher supervision process has been initiated. Teacher supervision now involves three components: establishment of professional improvement objectives, formative classroom observations, and summative yearly teacher evaluation. This teacher supervision model will assist the district in meeting the primary objectives of teacher evaluation which is improvement of educational process.

I am increasingly concerned about the inconsistent delivery of instruction in many areas of the middle and high school levels due to a high rate of teacher turn-over. Classroom instruction, co-curricular activities, and curriculum review are just some of the areas which become negatively impacted when approximately 40% to 50% of the teaching staff at the Raymond Middle/High School leave the system. Such was the case prior to the 1984-85 school year. While teachers resigned their positions for a variety of reasons, one common comment which arose from exit interviews was: overcrowded conditions in classrooms, hallways, the cafeteria, etc., made working unbearable at times.

Current efforts by the school and community to address overcrowding are to be commended. I fear, however, that until an effective resolution to this problem is arrived at, the inconsistent delivery of instruction due to a high rate of teacher turnover will continue.

We were most fortunate to receive a positive audit in relationship to the asbestos situation in the Raymond School District. By said monitoring on a yearly basis, we are in compliance with the federal statutes.

The Raymond School Board is currently reviewing their Policy Manual as it relates to the operation of the School District, and this has now become an ongoing project at each School Board meeting.

It would seem appropriate to now address long range planning, which has been in existence for the past several years. In April of 1982 the Raymond School Board commissioned two studies to be completed; one by Dr. Richard Goodman, the Center for Educational Field Services, and secondly from Dr. Delmar Anderson to accomplish a demographic study for

1984  
PRINCIPAL'S REPORT  
Joseph T. Korowski  
Raymond Junior-Senior High School

My past two town reports were a bit pessimistic in that they emphasized the true space crisis in both the middle and secondary programs. This is still the case and a greater problem than ever. The good news is that the school board and town are taking an organized and responsible approach to the overcrowding. The potential for a new school in Raymond or a cooperative school with one or more towns is real and sorely needed. Without one of these options, Raymond would be out of the secondary education business because the students could not be exposed to a curriculum which is comparable to the rest of the state and country. Again, the future looks good, and the board and the community as a team deserve the credit.

The emphasis for 83-84 was to try and maintain the current level of programming within a restrictive atmosphere. For the most part, I feel that we were successful, however, our college-bound junior and seniors were expressing a desire for more advanced course work. Although we are overcrowded, this is now a real possibility in Raymond. I have submitted a proposal to the curriculum council which will utilize computer software to offer advanced courses individually to college preparatory students. These include math (calculus, advanced algebra, etc.) foreign languages (German, French, advanced Spanish, etc.), and a host of other potential courses. This type of computer-programmed learning is not as thorough as the teacher-student instructional approach, yet, it is a new opportunity for Raymond pupils to prepare for college acceptance standards and workloads in a competitive fashion. Naturally computer literacy is essential to this type of approach. Further, it is now part of the new state standards for certification. Because of the foresight of the Raymond School Board in the late 70's and early 80's, and the leadership of past Assistant Superintendent Thompson, the school has been doing its job in developing computer skills at all levels. This year, one-third of our middle-schoolers were exposed to introductory computer training, and our

secondary pupils were able to select courses from an organized computer curriculum. Considering our overcrowding, Raymond has done a remarkable job in developing technological instruction. Now is the time to develop it to fill gaps in programming. This is a realistic expectation which should occur during 84-85.

Another result of our overcrowding this year was the addition of a small building addition at the back of the high school. This should provide some badly needed space for special education and a small office area for the Support Services Coordinator and the Curriculum Coordinator who are currently sharing the same office. This new space should provide them each with a small office and the main office can use the space they are vacating for office accounting operations which have developed considerably with the new computer system. Further, office storage has been a real problem, and hopefully the clerical staff will gain some "elbow room."

Our secondary sports program experienced many ups and downs throughout the year. The win-loss column varied by sport, with basketball and soccer having good records, while track and cross-country continued to recognize the individual growth of athletics. We are rebuilding in girls' basketball, volleyball and softball. Also, boys' baseball had a fair season with high hopes for 84-85. No matter what the records, our real victories occurred in developing a sense of fair play and respect for fellow human beings through healthy competition. I truly hope this will always be the main purpose of the athletic program.

Our middle school program is now established and recognized as a viable educational model. We suffered this year because of crowded classrooms and some of the discipline problems that can occur in that environment. This also took its toll on staff morale. Yet, some good things happened in all of the grades. The grade 6 team continued with an experiential approach by supplementing instruction with meaningful activities. The

Nature's Classroom program really exemplifies the student-centered approach of the team. The 7th grade writing pupils published *Anthology* which has been printed and bound. Its first three lines are:

"We are strong,  
We are fine,  
We are the Class of '89"

This personifies the kind of confident hope there is in this group, and it is a result of the emphasis that is placed on their self-esteem.

The 8th grade went on a trip to Washington, D.C. in April. Many of the pupils who went earned their own money through school fund-raising activities. Our school board chairperson, Kathleen Hoelzel chaperoned the excursion with the teachers and a few parents. Mrs. Hoelzel is an R.N., and her expertise was most beneficial to that age group. They went to bed on time, ate properly, and received medical help when needed. This is the type of civic participation that makes Raymond stand out as an educational community. Educationally, the trip was monumental. The students received a week-long, guided tour through Washington and they visited Williamsburg. The emphasis was on history and government. This was a fine experience that I hope can continue.

Our co-curricular programs continued to grow at both the middle and secondary levels. This year, the newspaper and drama clubs experienced the most growth. The *Ramcaster*

sponsored a first press luncheon which was attended by notable political individuals and members of the state-wide press. It was also covered on television.

The drama club produced an outstanding play, "Night Must Fall." It really represented some substantial growth in that program, and drama is certainly recognized now as part of the arts at Raymond.

Raymond has many fine staff and students in the middle and secondary programs. It is for those reasons that this report could be endless. However, in the interest of brevity, I am nearing conclusion.

As many of you will know when you are reading this report, which was written in August of 1984, this was my last year as principal of the middle and secondary programs. My position in this town was the finest and most rewarding in my career. My decision to take a new position was a result of a need to spend more time with my family, including two rapidly maturing children. It is true you work hard at this school, but it is worth every ounce of effort. The staff is concerned, the students respond, and the community cares. The school board is progressive and unselfish. The students always come first.

I would like to thank all who are involved in the educational process at Raymond — the townspeople, the students, the staff, the board, and the school administrative unit for allowing me to share in the positive growth of education at Raymond.

## LAMPREY RIVER ELEMENTARY SCHOOL NURSE'S REPORT

### PREVENTION OF ILLNESS — TOP PRIORITY

- 1) All incoming students produced a complete list of their immunizations before entering school. This protected those students already in school who have had all their immunizations.
- 2) Throat cultures done at school helped to prevent a wide spread of strep throat.
- 3) Impedance and puretone testing for hearing problems helped prevent future hearing loss.
- 4) Vision screenings helped to identify those students who needed further testing by an eye specialist.
- 5) Periodic head checks and parents informing the school when they discover head lice prevented an epidemic throughout the school.
- 6) Dental hygiene is taught and practiced at school. This will promote good dental

care to be continued at home.

- 7) Dr. Larivierre from Manchester, NH, presented a filmstrip and lecture about puberty. This evening presentation enabled parents together with their child to hear an excellent speaker.
- 8) Filmstrips and discussion about puberty was also presented by Mr. Fulton and Mrs. Allard during school time. This was to ensure that all students were provided with the same information.

A healthy child will have a better chance to do well in school. An unhealthy child's first priority is his/her health; not reading, writing, and arithmetic!

Respectfully submitted,

Charlyne Allard, R.N.  
School Nurse

---

## RAYMOND JUNIOR-SENIOR HIGH SCHOOL Report of the School Nurse

This has been a busy year. Height, weight, vision and hearing examinations were given to 700 students before January 1, 1984. All transfer students are tested as they arrive at our school.

First aide was rendered to approximately 529 students, and this does not include faculty. Sports examinations were done on 250 students, this included a blood pressure check and a visit with the school doctor.

Transfer students must present written evidence of immunizations before they enter our school. This has worked out very well in keeping all records up to date. We had about 95 transfer students in all grades. We also received 122 sixth grade students.

The school has added a throat culture program to the school services. During 1983-84,

22 throat cultures were done. The reasons for having a throat culture would be: (1) temperature with a sore throat, (2) sore throat more than two days (3) swollen glands, and (4) white patches in the back of the throat. These will be done at the discretion of the school nurse.

Again this year, some of our students participated in the pre-school hearing and vision screening program conducted by the Bureau of Maternal and Child Health, under the direction of Evelyn Bechtel, R.N., director. We received a letter commending our students for their ability and professionalism.

Respectfully submitted,

Sandra Appleton  
School Nurse

the School District. Both reports showed significant increases in student population during the last several years. Upon assessing the student growth the Board appointed a Raymond Advisory Committee to Study Ongoing Needs under the leadership of Mrs. Marion Lovejoy to further continue the assessment of the Raymond School District and to report back to the Board the Committee's findings. This Committee, working for more than a year, studied numerous alternatives to the Raymond School District's growth problems and was led to the conclusion that a new school in Raymond would be a necessity. At the 1984 District Meeting the voters of Raymond voted on two key issues:

1) the non approval of tuitioning their high school students out-of-district and

2) to establish a Raymond School Building Committee which would submit recommendations to the School Board with said recommendations being brought to the voters of the District.

The Raymond School Building Committee, in concert with the Raymond School Board, have met extensively over the past year and the School Building Committee made recommendations to the School Board for the building of a new high school in the district. Another option, which I suspect is most repugnant to the community of Raymond, is the tuitioning of their students out of district.

The School Board and administration has met with the Manchester, Portsmouth, and Salem School Boards and administration with

the possibility of those districts accepting tuition students on a phaseout basis beginning with the school year 1985-86.

The question that really has to be answered is what the district can afford. Educationally, it would seem to me to be more advantageous for the students of Raymond to attend an out-of-district school than in-district, especially now with the new approved State Standards for High Schools.

Certainly ownership of a high school within your own district leaves the community with a certain amount of pride and community involvement. Surely tuitioning these students out is not a good sound financial investment.

Past experience has shown that through yearly budget considerations we have not met the needs to take care of the educational programs and facilities, especially at the middle and senior high school level. On the other hand, by the District's building their own high school, hopefully the high rate of teacher turnover would diminish and therefore provide consistency to benefit the students.

The district seriously has a need for addressing either one of the two options mentioned above.

I wish to thank the Raymond School Board members, the citizens of the Town of Raymond, the school administrators, and staff members for their continued support throughout the past year.

Respectfully submitted,

David R. Cawley  
Superintendent of Schools

## LAMPREY RIVER ELEMENTARY SCHOOL PRINCIPAL'S REPORT

Setting high standards is easy. Achieving them requires considerable effort, patience, dedication and commitment. This past year, Lamprey River Elementary School was again rated as one of the top elementary schools in the state. Our Category 1-B status is the highest mark given to elementary schools in New Hampshire by the General Instructional Services Section of the State Department of Education for schools without a kindergarten.

Our special needs programs provide both preschool and elementary age students with services in reading, occupational therapy, guidance, speech, learning disabilities, as well as diagnostic and prescriptive services. Under the leadership of Mrs. Cheryl Stratchko and Mrs. Barbara Watts, these programs received the highest category of approval during the January evaluation conducted by the State Department of Education. The district received commendations for the thoroughness of the Individual Educational Plans developed for each student. The organization and structure of the Pupil Placement Team, as well as the dedication of special education teachers and support staff was praised.

The Special Education Programs are approved until June 30, 1989. This approval is based on the extent that the Raymond School District complies with the *New Hampshire Standards for the Education of Handicapped Students*. The Raymond School District is extremely proud of the five-year approval status.

Lamprey River Elementary School was also selected as a pilot site for the New Hampshire Health Related Fitness Test sponsored by the New Hampshire Youth Project. This is the first state-wide effort to assess the levels of fitness of New Hampshire youth, as well as increase awareness of the importance of fitness as it relates to overall health.

We were pleased to be in this project, and look with anticipation to better serve the children of Raymond and of New Hampshire through continued involvement.

Accomplishment touched many areas. In September, Lamprey River Elementary School faculty, using a Curriculum Design Process developed by Mr. Carl Bachelder, Assistant

Superintendent for Instruction, began the task of reviewing each curriculum subject. The intent of this effort is to improve and strengthen instruction through continual review and revision of the curriculum. Lamprey River Elementary School faculty, working in grade level groups, completed the math curriculum and began work on reading. The curriculum design process includes development of a rationale and overview for each subject, and specifying objectives, skills, methods, materials, and evaluation criteria for each unit of instruction. The final product will be a comprehensive guide for each unit of instruction, readiness through grade 12, which will be examined for consistency, continuity, and appropriateness for all Raymond students.

The continued development of computer literacy skills in students and staff is a major emphasis at Lamprey River. It was gratifying to see the results of a survey of district staff conducted by Mr. Barry Albert, district curriculum coordinator, which indicated 100 percent of the faculty at Lamprey River knew how to operate a computer and could use it to run programs to supplement and extend their instructional capabilities.

Computers are used for a variety of purposes in the elementary school. Students learn to operate and care for them, use prepared programs to assist with learning, develop word processing skills as part of the writing program, and study computer history concepts, applications, and introductory programming.

Faculty trained by faculty resulted in a rebirth of writing — the “middle R” during 1983-84. Using a method for teaching writing developed at the University of New Hampshire, Lamprey River Elementary School teachers are providing students with a powerful tool for tapping their creativity, encouraging thinking, and developing language arts skills. The enthusiasm shown by staff and students was humbling. Over 350 children submitted books for the Young Author's Contest. In addition, Lamprey River was selected to participate in the statewide Education Festival sponsored by the New Hampshire School Board's Association. There, we showed how this method is used to help teach writing, generate enthusiasm, and inte-

grate technology into the curriculum. Our presentation included many examples of student writing, a video tape of the writing conference, and student demonstrations of how the Bank Street Writer word processing program is used to facilitate the writing process. With the encouragement given by those reactions, the Staff Development Committee will sponsor more formal training open to all Raymond teachers early in the fall of 1984.

The efforts of the hardworking, committed, and talented parents and teachers of the Lamprey River Elementary School P-TO were well received by students and parents during this past year. The parents of almost 500 students felt a little bit safer as a result of the fingerprinting project conducted in the fall and during preschool registration. Parents and community members received thoughtful and practical advice on raising children through P-TO sponsored programs presented by Dr. Eugene Larivierre and Mr. Jack Agati. Children were delighted with the emphasis placed on the performing arts. Programs included — Magic, Thomas Edison, the World of Theatre, Story Telling, and the Art of Clowning. These offerings provided by professional actors/actresses frequently involved students in the production, as well as contributing to their cultural awareness of the involvement with the arts.

On the opening day of school, September 1, 1983, the Lamprey River Elementary playground was officially opened to students. Those of us who had the privilege of watching the enthusiasm and energy (the kids had to try everything), were well rewarded for our efforts. Individuals, businesses, community organizations, and school staff all contributed to the transformation of the "desert" to a place of enjoyment and recreation for "kids" of all ages.

Finally, a special thanks to Mrs. Sandra Ellis, Lamprey River Elementary School P-TO president. Her leadership and commitment have inspired many of these projects which have touched many people.

Volunteers are welcome at Lamprey River Elementary School, and their skills and patience are very much appreciated. Over 553 "man" hours were donated to the school this past year. As a result, students received tutorial help in the subject areas, learned more about drama, science, creativity, and certainly benefitted from the extra attention a caring

adult can provide.

Volunteers also gave assistance to teachers, helping with projects, "running off" papers, and chaperoning field trips. People are the "glue" that make a school stick together and work to benefit children in so many ways.

The predictions of dramatic increases in student enrollment provided in the population studies literally walked into the Lamprey River Elementary School preregistration held for incoming first graders in April. One hundred students were screened during the two-day registration. Combined with students from the readiness classes going to first grade, retentions, and new enrollees over the summer, the 1984-85 first grade/readiness population exceeds 150 students. This situation creates a severe strain on existing resources and calls for expansion of those resources just to keep up with the demand. Although burgeoning enrollment is creating problems for all involved with education in Raymond, the response of citizens, elected officials, school staff, and school board members is exemplary. Community members have joined together to identify the most promising solutions to meet Raymond's educational needs over the next decade, and we look forward to a timely and cost-effective solution.

Muriel Proctor is the quintessential grandmother to Lamprey River Elementary School students. She is also a very competent librarian who has dedicated a considerable portion of her energy, time, effort, and love to students in Raymond. Under her guidance the library has grown from a tiny closet to a multi-purpose media center, containing over 6,000 volumes, records, filmstrips, audio and video tapes, and — of late — computer software. Her versatility and skill in building this library is only exceeded by her fondness for kids and books. She is a "natural" with the children, often getting and giving hugs and kisses while helping them choose the "right" book for pleasure or study. Those of us present on May 22, 1984, stood a little taller when she was honored by having the Lamprey River Elementary School Library named after her.

The challenges posed this year were worthy ones. Our ability to meet them successfully depends on all of us. Adults and children who believe in the future, support one another, and are committed to the notion that schools can make a difference are a powerful and

positive force to be recognized with.

In 1973, the New York Mets won the National League pennant. Tug McGraw coined a phrase that was adopted by the team and finally by the fans. His phrase was "You Gotta Believe." The story has a direct relationship to our roles as parents and educators. If you want to inspire — "You Gotta Believe" — .

- What you are doing is important

- You can make a difference
- Children benefit from what you teach them
- Children will learn to lead productive and useful lives.

Respectfully submitted,

Roderick D. Crepeau  
Principal

## 1983-84

### Raymond Community-School Volunteer Program

The 1983-84 Raymond Community-School Volunteer Program has involved many people in various areas, from the Lamprey River Elementary School to the Middle and High School.

At the elementary school level, the PTO organized parents and community people to build an environmental playground. Funded with some tax dollars and various fundraisers, the new playground was built by volunteers last summer (1983) and was ready for use by the opening of school in September. Under the direction of PTO members and the Raymond Police Department parents were provided with fingerprint records of their children. In April, incoming first graders were also fingerprinted at orientation. Various parenting programs were organized and presented to the public during the school year in addition to several successful fundraisers which helped support school programs and purchase needed equipment for grades readiness through fifth.

Some volunteers were used in the classroom setting serving as aides to the teacher and working with small groups as needed. This year one of our volunteers was hired as an aide position after serving as a volunteer for several months. He has been an asset to the readiness class where he worked beside the teacher on an equal basis.

At the Middle School level, the Parents Core Group has consistently provided educational input to the system by addressing concerns about curriculum, discipline, severe overcrowding problems and Middle School philosophy. This group has met on a regular monthly basis with teachers and administrators. They helped

coordinate the fifth grade orientation. This group, comprised of 10-15 parents have reached more than 200 parents through educational programs, a telephone tree and helped channel individual problems to teachers and administrators.

A group of administrators, school board members and community volunteers are currently working together on two committees to study and present a building proposal to voters as an answer to Raymond's severe overcrowding problems. In addition to a building proposal, one committee is also working with administrators from Epping School District for possible consolidation into an area school building at the high school level. Both committees were chosen at the School District meeting in 1983 and 1984.

Various school committees at the elementary and secondary level invite volunteers to be members and help in the school planning process such as Curriculum Committee, Building Improvement Committee, Computer Planning Committee, Enrichment Advisory Council, Staff Development Committee and Special Education Advisory Boards.

Several of our in classroom and office volunteers have been hired into the school system due to their work within the schools. There have been four secretaries and three classroom aides who were volunteers and many classroom volunteers have substituted in classrooms at the elementary school level.

At the high school level, this year's band parents supported and helped to raise money for an exchange concert which has not been

done for several years. Band parents help students with the upkeep of uniforms and raising money for various projects. At several music presentations, Sandra Ellis accompanied the chorus and also at the graduation exercises.

Within the framework of the school newspaper, The Ramcaster, published approximately every two weeks within the local newspaper, The Raymond Times, students have worked with professionals at the newspaper production office, learning layout design, paste-up techniques and essentials of newswriting. This service has been extended with no charge to students or the school. Due to this organized work with a "real" newspaper, the student staff has grown from 10 to over 30 in one year's time.

The Ramcaster Staff this year coordinated and directed a student press luncheon and scholastic journalism competition, the first of its kind in the state. Volunteer speakers from the Manchester Union Leader (Joseph McQuaid, editor-in-chief) and the Governor's office (Norman Vandernoot, director of communications) addressed journalism and its importance in schools. Although students did all the work, many volunteer hours by school board members, and local people made it successful.

In the high school drama department, a co-curricular activity, volunteers and faculty have given time freely for this year's successful production. Because of intense interest within the community and student involvement, a new group is being formed which will create a new community-school theater project for 1984-85. The director, although paid a \$200 stipend, essentially contributed her professional

time and expertise for the success of this project. Volunteers this year raised over \$600 for equipment, participation in the state drama guild competitions, and other expenses to support the drama group. Set design and construction was coordinated by a volunteer who has worked professionally in the field.

Several resource people have presented one-day programs in classrooms to help expand the scope of students' knowledge. A math tutor has worked at the middle school level all year helping students who need additional time on math concepts.

This summer a group of Malaysian exchange students from New Hampshire College will be working with students in the Enrichment Triad program for Gifted and Talented students during the annual town fair. They will also volunteer in the school in the fall with a cultural presentation of their country, through a slide show and costumes and ethnic foods for middle and high school students. I will be working with the college director of exchange students to bring other students from different countries into social studies and literature classes. People within the community will be inviting these students into their homes to share our culture and meals with them. Volunteers will be working with the recreation department to help coordinate these events within the school and community.

This year's grant monies were expended for:

The coordinator's salary	\$500
Supplies	\$250
Workshops	\$100
Equipment	\$700

## SCHOOL LUNCH REPORT 1983-84

The school year ended with two days of free lunches for all students and staff which was well received at both the elementary and junior-senior high schools.

The Nutrition Awareness Program at both schools involved all students and staff in increasing their knowledge about healthy eating habits, and will hopefully be an on-going project at both schools in coming years. After instituting the program, we have received many nutrition education materials which will be used in the future — films, books, worksheets, etc. These resources will be made available to staff and teachers in both schools.

A Salad Bar, instituted at both schools, has become a popular addition to our usual fare.

Many students and staff members have commented favorably on its implementation. The NH State Department of Food and Nutrition filmed the activity around the elementary salad bar, and was impressed at how well students were able to obtain their own items and make nutritionally sound choices. The State Director of this program informed us that the lunch program in Raymond is one of the best and least expensive in the State of

New Hampshire.

Student interest and participation in the program has increased, and the program is always open to new items to include in menu planning, as well as comments and ideas from parents and teachers as well. Constructive criticism is always welcome.

Personnel at both schools are involved in becoming certified in the state by the New Hampshire School Food Service Association. Nutrition education courses, workshops, and seminars have been attended in an effort by the staff to become professional school food service workers. They should be proud of their efforts as we are of them.

With a positive attitude and pride in the program offered, the Raymond School Lunch Program should continue to provide quality and innovation in 1984-85.

Respectfully submitted,

Susan Marangelli  
Food Service Director  
Raymond School District

## PROPERTY SERVICES COMMITTEE

At present, the Property Services Committee functions in an advisory role to the Superintendent of Schools or his designee in matters pertaining to school buildings and grounds. Subject to whole board approval, the committee is concerned with budget development and implementation according to plan, with consideration to immediate situations.

It is well-known that we have been faced with building overcrowding at both schools. At a crisis point for Fall 1984, we were faced with two options: expending all budgeted funds on "short term" coping efforts such as curtailing elementary music program, subdividing rooms, relocating library, putting classes on media center stage, etc. Money spent on such would, at best, produce minimal improvement and be subject to more expenditure later on to restore facilities to original condition. The chosen option was to make quality, but more expensive, building renovations and additions which would complement program and have long range benefit.

To that end much budgeted maintenance money was redirected from special energy projects, 100 wing siding, and some fuel oil funds. We sought and received budget committee approval to our 'going in the red' and seeking a supplemental appropriation in March '85. Work at the elementary school was completed for school opening, but it took much longer than we'd hoped at the high school. Overall, Construction Manager Richard Audette endured frustrations which could have been associated with a full-fledged building project and did his community a real service in delivering a quality 'two and a half room plus renovations' addition for far less than a building project might have cost. Our thanks to him.

The amount of the project to be submitted for 30% state building aid is much more than the portion of the supplemental appropriation associated with the same area. This is because of the substantial amount of funds from the regular budget redirected to the project.

If the total worth of the high school project should be determined to be \$140,000.00, the 30% state building assistance would be \$4,200.00 per year over ten years. The SAU office was involved in the project from last June and the School Board will complete the necessary local process to guarantee the reimbursement.

There is an ineffectiveness in a committee advising a remote central office which also has the concerns of several other districts on its agenda. Central office 'control' must not become inhibiting to progress. At the least, it must deal promptly with concerns. Better, it should anticipate issues and needs and facilitate activities related to better school properties.

Most people are aware of the extent to which maintenance of school properties, particularly grounds, had deteriorated some years ago. They are also aware of the vast improvement in them the past few years. We must not allow crisis situations — such as the present crowding — to distract us and allow things to slide again. Good and well maintained properties do not guarantee that there will not be some misuse, abuse and even outright vandalism, but the likelihood is that community pride, in that which is worthy of pride, will cause there to be less negative use.

The public can help by parking where signs and common sense direct. Parents need to know where their children are — there are times when a kind of mob psychology among children hanging out on school grounds has lead to costly damages.

We hope that everyone will take some responsibility if she/he sees anyone misusing school properties. This can range from informing someone that cars are not to be parked in the fire lane to advising school administration or police of the names of persons vandalizing properties.

Money we have to spend on repairs is lost to more educational needs.

Hugh Holt  
For the Committee

## GOVERNMENT LIAISON

Over the past several years, national administration and general congressional commitment to progressively greater funding of education for the handicapped has been lacking. Proponents had to regard it as a moral victory that appropriation was not reduced. Less than \$200 per special education student goes to local schools while *extra* costs average over 10 times that while some severely handicapped students commonly have costs of \$10,000 to \$40,000.

Congress will not respond with better special education support unless concerned school people, parents and citizens 'lobby' for it. Senators Rudman and Humphrey and Representative D'Amours have been supportive in the past. The Senators and new Congressman Smith — especially the latter — will need to hear from supporters. One original note from a parent will have more impact than many letters from educators.

At the *state* level the impending legislature session may be the most significant in many years:

First, there seems to be very general and substantial support for the state educational funding formula suggested in the Augenblick report. If something akin to that comes out of the legislature and gains gubernatorial approval, it may produce much greater state funding to tax base poor school districts such as Raymond. This would be most timely as we embark upon a costly building program necessitated by community growth and school enrollments.

It would be most naive to believe that this public, legislative and administrative support is a spontaneous revelation. To the contrary, state administrative leadership is fearful that the so-called tax equity lawsuit against the state, to which Raymond is a plaintiff party, will be decided against the state, if and when it gets to a Court decision. It is frustrating and

costly to Raymond to continue to experience tax inequity while the state engages in stonewalling the court confrontation. Attorney Nighswander, for Raymond and other plaintiffs, has agreed that the lawsuit be put 'on hold' to allow the legislature and governor the opportunity to act.

With a very large state budgetary surplus on hand, it is amusing to hear of concerns of what to do with it. A 'tongue-in-cheek' solution might be to use it to retroactively fund more completely the educational foundation aid formula which has deprived the students and taxpayers of the taxpoor school districts!

Secondly, Raymond will be proceeding with the State Department of Education to leave School Administrative Unit #15 and form its own SAU. At the same time, a bill will be introduced to allow the legislature to authorize the Raymond School District SAU independency should the State Board of Education not approve it.

In the last legislative session we were involved in testifying regarding many issues. Perhaps the most significant legislation which resulted saw change in the law which deals with court actions in child abuse/neglect, juvenile delinquency and CHINS. Now, instead of the schools being 'painted into a corner' by the Court ordering State Division of Welfare placement of students, the law states clearly that the processes of the special education law (186-C) must be followed in the evaluation and placement of educationally handicapped students.

For the Raymond School Board, I want to thank Raymond-Epping District Representative Case, Joyce, Sloan and Warburton and District #17 Senator Johnson for their consideration and responsiveness.

Hugh Holt  
School Board Governmental Liaison

## RECREATION — SCHOOL LIAISON

It remains the commitment of the Raymond School Board that school district facilities — buildings and grounds — be utilized by the community. To that end the School Board and Parks and Recreation Commission have an agreement which grants authority to the Recreation Director, through the Commission, to schedule usage of school facilities beyond school day hours. Policies and rules document the processes involved and provide usage, safe to the public and protective to the property.

The Raymond Community Outdoor Recreation project has not been formally completed because there remain a number of small 'loose ends.' Most of this involves completing the children's playground and retaining wall below it. School maintenance staff must assume more responsibility for grounds maintenance freeing Recreation maintenance workers to complete development. The Fitness Trail, Nature Trail, Picnic Area and Horseshoe pits will require more time than material. Official closure can occur just about anytime loose ends are accounted for.

Water depth surveys have been done and preliminary plans drawn directed toward the eventual development of a town beach and small boat launch at the Lamprey River Elementary School site. This area was acquired

by the school district earmarked for recreational usage.

While the summer recreation program focuses on LRES playground, there is need for access to the school building for crafts activities, use of toilets, water, storage, telephone and shelter. While fences are hardly necessary to make good neighbors, it would help to have the program less dependent upon entry to the school building. Steps have begun, and will continue next Spring and Summer, to develop the riverfront cottages and garage area to provide some of the needed resources.

A community group has evidenced interest in utilizing the white cottage and in doing the substantial 'foundation' work which would be the necessary first step in making that building usable.

Another group is developing a proposal to rehabilitate the red garage for teen purposes. These volunteers, aided by public spirited contractors helped by fund raisers, have the potential to make good progress before Summer.

It is encouraging to have citizens work for a better community.

Hugh Holt  
School Board Recreation Liaison

---

## RAYMOND TRANSPORTATION COMMITTEE

The transportation committee has met regularly during the school year. This committee is an advisory group to the school administration. The committee is comprised of Assistant Superintendent for Business, two Administrators, Head Bus Contractor, and a School Board Member. This year the committee added the Maintenance Supervisor because this person is in charge of the two busses that are parked at school.

This past year, I feel was a very calm year. We did not have many concerns arise from parents. When we did, we tried to settle the concerns by either changing a stop or making the stop a safer place.

In the spring of 1984, the State of New Hampshire Safety Department sent a representative down to the Raymond School District

to check out all state roads and make sure the state school bus signs were in the right place. ("School Bus Stop Ahead or School Bus Turn Around.") Mr. Ted Welch — Head Contractor — and myself spent a day showing a representative the bus route. Within a few weeks, new signs were up as well as worn-out signs replaced.

The Transportation Committee would like to thank Parents, Teachers, Raymond Police and Dispatch Center for their support. Also, at this time, we would like to thank the Raymond Highway Department, past and present, for keeping the roads passable during stormy weather. THANKS!

Respectfully submitted,  
Sandra Lee Ellis

## RAYMOND STAFF DEVELOPMENT COMMITTEE

This past year a major part was removed from our master plan. The financial part on paying teachers went into their Master Contract. This gave the Staff Development Committee more time to spend on Staff Development programs. Our new financial program was approved by the School Board and the State Department of Education.

A new parent was elected at the School District meeting in March. The new parent is Delmar Anderson.

This fall, we really buckled down to having more workshops in the schools. Since now we have a little extra money, we can offer better programs for our teachers.

Staff Development Sponsored Workshops:

1. Comprehensive Computer Training
2. Refresher Computer Training Course
3. James Grant on Child Development as it relates to the process of schooling
4. U.N.H. Writing Course
5. Computer Assisted IEP'S
6. Workshop on Hearing Impaired
7. New England Dairy and Food Council Health Curriculum Packets

Many teachers of the Raymond Teacher Staff put on workshops. With the success, the committee is working to have more teachers present workshops.

Mr. Rod Crepeau did an evaluation of the Raymond Staff Development Program. (April-May, 1984). I'm adding the Executive Summary to my report because I feel it's a very important report for the public to read because you are our supporters. We are now working on the weaker areas in the plan. If anyone would like to read the complete evaluation plan, please contact Mr. Rod Crepeau at the Elementary School.

A special thanks goes to Mr. Crepeau for the time he spent on the report. A thanks goes to all committee members for the time and effort they put into this program. Also a THANK YOU to all townspeople for your support.

Respectfully submitted  
Sandra Lee Ellis, Chairperson

### Executive Summary

Primary consumers (teachers) seem satisfied with the procedures for approval of activities and the amount of freedom in developing their programs.

The staff development committee is open to teacher input, teachers are not taking full advantage of this opportunity.

Individual participation in staff development activity during the first year of a plan is minimal for a large percentage of staff.

Nature of participation of elementary and middle school teachers is somewhat different from high school teachers.

Committee sponsored programs tend to be in the less traditional areas of school activity.

Methods of obtaining information from staff for program development are insufficient to

assist the committee in planning programs.

Staff participation in district sponsored activities is better than perceived.

Evaluation of district sponsored activities is not being consistently accomplished.

The vast majority of clock hours are earned through individually selected activities.

Teachers feel that they are benefiting from staff development activities especially the ones they select.

Teachers are somewhat positive about impact of their participation in district sponsored activities.

Teachers are very positive about the impact of their participation in individually selected activities.

District goals are not perceived as useful in planning staff development activity.

## SERESC

The South Eastern Regional Education Service Center (SERESC) is a consortium of fourteen school districts whose executive board is the seven school superintendents. School board member representatives comprise its board of directors. I was honored to be chairman of SERESC's 'board' in its first year and I represent Raymond at present. As a school administrator in Derry involved with special education I observe SERESC's functioning on a continuing basis.

SERESC is completing its tenth year of selective service to its member districts. I say 'selective service' because the member districts, based on their needs, determine SERESC's direction and programs and, apart from a membership charge, are free to buy into what ever services the district wishes. While originally constituted to help members meet their mandated special education responsibilities, SERESC has broadened its scope into many areas such as state mandated "accountability,"

computer literacy, etc. With a proven track record of technical experience SERESC often implements state-wide projects utilizing the state's share of federal special education funds. This occurs because SERESC can act quickly to staff for such projects while individual school districts and especially multi-district School Administrative Units (SAU's) are inhibited in staffing and action by annual meeting requirements and lack of focus of common interest.

The state does not regularly review its imposed SAU organization or move to re-organize district membership therein except as a reaction to local problems. SERESC, the servant, exists because districts chose to create it and utilize it.

Member districts and school superintendents and SERESC administration and staff are to be commended for the consortium's development.

Hugh Holt  
School Board Representative to SERESC

---

## CURRICULUM COUNCIL REPORT 1983-1984

The format of this report will be divided into three main areas as follows:

- 1) curriculum review - existing programs
- 2) proposed curriculum changes - new programs
- 3) miscellaneous curriculum matters

### 1. CURRICULUM REVIEW

There were no areas of the curriculum that were reviewed because of an ongoing curriculum development and revision process.

### 2. PROPOSED CURRICULUM CHANGES — NEW PROGRAMS

#### Elementary School

In December, Rod Crepeau outlined expectations of the elementary Gifted and Talented program which had not started yet for the academic year. It was noted that as Curriculum Coordinator, Barry Albert would take on this responsibility.

#### Middle School

The middle school has no new programs except those that are district wide.

#### High School

In November, Pat McGee gave an update on the teacher aide and work study programs at the high school. The students would also be evaluated on their job performance. The students would be given  $\frac{1}{4}$  credit for every 125 hours worked.

Sam Bruno gave a presentation of the Region 18 vocational program. He explained the use of skills profiles.

In January, Shaun McDonough and Bill Garnett were present to ask for changes in the computer courses for next year as it would be more consistent and serve more students. The changes were granted.

In April, Carrie Anderson did a presentation for a cosmology program offered by the

Empire Beauty School in Manchester. The program would be open to juniors and seniors and would give the students training so they could enter the job market one year sooner. The program was enthusiastically received and sent on to the school board.

Donna Borowick did a presentation of the schedule for the 1984-85 school year and pointed out course changes, deletions, and space problems. She passed out the new course selection guide.

### **3. MISCELLANEOUS CURRICULUM MATTERS**

The new curriculum format and curriculum review process was introduced in October by Carl Batchelder. The teachers would use inservice time.

In November, Barry Albert presented the new district philosophy which was then forwarded to the school board for their approval. The philosophy was 'hammered out' by a nine-member representation committee.

In December, Diana Dawes gave a presentation of the Gifted and Talented programs at the middle and high schools. Diana stressed the space problem and how it was limiting the program and also discussed the selection criteria of students.

In January, Carl Batchelder presented a format and procedure for curriculum review

by an interdisciplinary team and administration of completed curriculum work.

In February, Bob Kelley was present to make a presentation of the 'Here's Looking at You, Too' drug and alcohol education program that covered grades R-12. The Chemical People were present and announced they would sponsor a 12-hour workshop on drug and alcohol awareness and that it was open to everyone.

In March, Jennifer Jenny gave a second presentation of the 'Here's Looking at You, Too' drug and alcohol education program to the curriculum council and school board members. She discussed the various levels of the program and its major goals and objectives. Jennifer also explained the 35 hours of training that would be necessary for all staff using the program to complete. Jennifer agreed to do a third presentation of the program to all district staff members before bringing the program to the school board for action.

In May, the curriculum council by-laws were discussed and appropriate changes made. A major change would be that all textbook approvals would come before the curriculum council for review before any decisions were to be made.

Barry L. Albert  
District Curriculum Coordinator

## ENRICHMENT PROGRAM

Enrichment programs take various forms and often stumble across many obstacles. "Equal" education for the gifted student or those displaying gifted behavior is often considered only on paper or thought to be already handled in the regular classroom.

In many ways, the enrichment programs in Raymond High School District are unique and meet a myriad of students' needs and abilities. By no means a perfect program, it has continued to grow and expand as student population changes and student needs grow.

This year a district-wide criteria for gifted and talented and enrichment involvement was adopted. Under the new criteria more students may take advantage of various programs which are offered at all school levels.

The new criteria as adopted on September 11 reads:

Gifted and talented identification:

- IQ scores of 125 or above
- Stanine total battery of 90th percentile or above
- Teacher recommendation
- Renzulli/Hartman scale rating of two or above.

Alternate criteria for gifted behavior for revolving in students:

- Accountability scores of 95 or above or stanine scores in 7-8-9 range in specific subject areas.
- Parent-teacher nomination through use of Action Information Form.
- Demonstration of unique ability in development of a project in a specific subject area. This will be determined by a project evaluation by teacher and program director.

- Self nomination with specific proposal for a project which demonstrates a new idea or unique expansion of a classroom curriculum subject. This could be submitted by an individual or a small group. This form must be approved by the enrichment director and team.

All students must meet one of the above criteria.

All students may become involved in general enrichment activities if there is sufficient motivation and task commitment to this involvement. These general activities include such projects as school newspapers and school drama activities. If student participation is during school hours, required class work must be up-to-date to be released for these activities.

Currently there are about 225 students in Grades 3-12 who are involved in various enrichment activities, ranging from independent studies in journalism to space projects and special classroom activities.

All changes take time and over the past three years, time has seen changes in the program. Space in crowded facilities is a problem and this program has been the most mobile, moving from a converted broom closet in the middle school wing to the stage area in the media center. When the new classrooms are completed in the 300-wings, the enrichment programs will be housed in a new area.

Part of the philosophy of providing alternative and enriching activities for those students who have a need is, "You don't have to do different things, but you have to do things differently."

Diana Dawes  
Enrichment Director

12.	16,821.	17,212.	17,601.	18,052.	18,381.	18,712.

An additional \$480. stipend will be paid to any teacher who otherwise would be entitled to only a \$620. increase during the 1984-85 school year.

Method of Compensation — 1/26th of the annual salary shall be paid every other Friday until the last contract day. A final check equal to the unpaid amount shall be paid at this time. When a teacher leaves or enters the district during the school year, the salary due him/her will be prorated based upon the number of contract days versus the number of days in his/her contract.

ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION

---

To the Members of the School Board  
Raymond School District  
Raymond, New Hampshire

We have examined the combined financial statements and the combining fund and account group financial statements of the Raymond School District as of and for the year ended June 30, 1984, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining fund and account group financial statements referred to above present fairly the financial position of the Raymond School District at June 30, 1984 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The combining fund and account group financial statements and supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Raymond School District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is stated fairly in all material respects in relation to the combined financial statements taken as a whole.

*A. Bruce Carri CPA*

October 22, 1984

CARRI - PLODZIK - SANDERSON

The remainder of the entire Raymond School District audit may be reviewed by the public at either Raymond School or at the Raymond Town Library.

**RAYMOND SCHOOL DISTRICT**  
**State of New Hampshire**  
**SCHOOL WARRANT FOR ELECTION OF OFFICERS**

To the inhabitants of the School District,  
in the Town of Raymond, New Hampshire,  
qualified to vote in District affairs:

You are hereby notified to meet at the  
Raymond High School in said District,  
on the twelfth of March, 1985, at Ten  
O'Clock in the morning to act upon the  
following subjects:

1. To choose a Moderator for a 1 year term.
2. To choose a Clerk for a 1 year term.
3. To choose a Treasurer for a 1 year term.
4. To choose one School Board member for a  
1 year term.
5. To choose two School Board Members for  
a 3 year term.

The polls will remain open from Ten O'Clock  
in the morning until Seven O'Clock in the  
evening and as much longer thereafter as the  
voters of the School District, at the beginning  
of the meeting, may vote.

Given under our hands and seal this \_\_\_\_\_  
day of February, 1985.

SCHOOL BOARD OF RAYMOND,  
NEW HAMPSHIRE  
Kathleen M. Hoelzel, Chairperson  
Ronald Chapman  
Maurice E. Demeritt, Jr.  
Sandra L. Ellis  
Hughin D. Holt

**RAYMOND SCHOOL DISTRICT  
WARRANT  
STATE OF NEW HAMPSHIRE**

TO THE INHABITANTS OF THE SCHOOL DISTRICT, IN THE TOWN OF RAYMOND, NEW HAMPSHIRE, QUALIFIED TO VOTE IN DISTRICT AFFAIRS:

You are hereby notified to meet at the Community Gymnasium in said District, on the ninth day of March, 1985, at three thirty p.m. in the afternoon to act upon the following articles:

1. To see if the District will appropriate Five Million Nine Hundred Fifty Thousand Dollars (\$5,950,000.00) for acquiring land for the construction of a new high school and for purchasing equipment of a lasting character in connection therewith: to determine whether this appropriation shall be raised by borrowing or otherwise; to authorize the School Board to contract for and accept grants and federal and state aid in connection therewith or to take any other action relative thereto. (Recommended)

2. To hear the report of auditors and pass any vote relating thereto.

3. To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from State, Federal or other governmental unit or a private source which becomes available during the 1985-86 school fiscal year provided that such expenditures not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.

4. To see if the District will vote to authorize the withdrawal of and expenditure of Twelve Thousand Dollars (\$12,000.00) from the capital reserve fund for the purpose of paying architectural and consulting fees incurred by the District in connection with securing plans for the construction of a new high school, said expenditures to be made in the 1984-85 fiscal year. (Recommended)

5. To see if the District will vote to raise and appropriate the sum of Fifteen Thousand Six Hundred Sixty-three Dollars (\$15,663.00) to

reimburse the Exeter School District for unreimbursed costs incurred in providing vocational education to Raymond students in the 1982-83 and 1983-84 school years. (Recommended)

6. To see if the District will vote to authorize the School Board and/or the Raymond Scholarship Committee to accept funds to be used as scholarships for Raymond Students.

7. To see if the District will vote to accept and expend funds in the amounts set forth below which be made available to the District through the following Federal programs:

ECIA Block Grants	\$5,000.00
Energy Conservation Grants	2,500.00
Miscellaneous	2,500.00

The amounts of money set forth above for each program are estimated and the amount appropriated for any one program may be over-expended so long as the total amount for all of the above programs does not exceed Ten Thousand and 00/100 (\$10,000.00) Dollars. (Recommended)

8. To see if the District will raise and appropriate Three Hundred Ten Thousand Five Hundred Forty Dollars (\$310,540.00) for tuitioning Raymond High School students out-of-district commencing with the ninth grade in the 1985-86 school year, progressing by grade yearly so that the tuitioning of all high school students will be accomplished by the 1988-89 school year, and to authorize the School Board to enter into an appropriate contract or contracts with other school districts to implement the tuitioning of all such high school students. (Submitted without Recommendation)

9. To choose one Raymond voter to serve as a member of the Raymond School District Staff Development Committee for two years.

10. To see if the District will vote to raise and appropriate the sum of Eighty Eight Thousand Two Hundred Eighteen (\$88,218.00) Dollars as a supplemental appropriation for the 1984-85 school-fiscal year, such appropriation being made necessary by the expected overexpenditure of \$72,502.00 in the special education account and the overexpenditure of \$15,716.00 in the transportation account. (The State Board of Education on December 12, 1984, approved

the expenditure of the sum of \$88,218.00 as an emergency expenditure under the provisions of RSA 32:10-a.) (Recommended)

11. To see if the voters will raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) for additional clerical time, answering machines, telephone lines, telephone service and related items to implement a system of parent call-in and school call-back regarding student absenteeism as strongly recommended by the New Hampshire State Board of Education. (Recommended)

12. To see if the District will vote to raise and appropriate Five Thousand and 00/100 (\$5,000.00) Dollars as a contingency fund, to meet the cost of unanticipated expenses, all in accordance with RSA 198:4-b. Further, that any surplus in the Capital Reserve Fund for renovation of existing buildings and the construction of additional school buildings, and for the cost of such renovations and construction. (Recommended)

13. To see if the District will vote to raise and appropriate the sum of Sixty-One Thousand Five hundred Sixty-One Dollars (\$61,561.00) as a supplemental appropriation for the 1984-85 school-fiscal year, such sum of money to be used to pay obligations incurred in the making of renovations and additions to the Raymond Schools. (Recommended)

14. To see if the School District will vote to raise and appropriate the sum of One Hundred Thirteen Thousand, Seven Hundred Ninety Dollars (\$113,790.00) to fund the cost items related to an increase in teachers' salaries and benefits attributable to the latest Collective Bargaining Agreement entered into by the School Board and the Raymond Teachers Organization for the fiscal year 1985-86, such sum of money representing the additional cost attributable to the increase in salaries and benefits over those obligations payable under the first year of the Collective Bargaining Agreement. (This is the second year of a three-year contract.) (Recommended)

15. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries and benefits for school district officials and agents other than benefit and salary increases to teachers; and, for the payment of statutory obligations of the District.

To transact any other business that may legally come before this meeting.

GIVEN UNDER OUR HANDS AND SEAL  
THIS                      DAY OF                      1985.

SCHOOL BOARD OF RAYMOND, NEW  
HAMPSHIRE

**1100 REGULAR PROGRAMS.** Instructional activities designed to provide grades K-12 students with learning experiences to prepare them for activities as citizens, family members, and non-vocational workers as contrasted with programs designed to improve or overcome physical, mental, social and/or emotional handicaps.

**1200 SPECIAL PROGRAMS.** Instructional activities designed primarily to deal with students having special needs. The Special Programs include pre-kindergarten, kindergarten, elementary, and secondary services for the gifted and talented, mentally retarded, physically handicapped, emotionally disturbed, culturally different, students with learning disabilities, bilingual students, special programs for other types of students.

**1300 VOCATIONAL PROGRAMS.** Instructional activities that provide students with the opportunity to develop the knowledge, skills and attitudes needed for employment in an occupational area.

**1400 OTHER INSTRUCTIONAL PROGRAMS.** Activities that provide grades K-12 students with learning experiences not included in the Function codes 1100,1200,1300 and 1600.

**1600 ADULT/CONTINUING EDUCATION PROGRAMS.** Instructional activities designed to develop knowledge and skills to meet immediate and long range educational objectives of adults who, having completed or interrupted formal schooling, have accepted adult roles and responsibilities. Programs

**2110 ATTENDANCE AND SOCIAL WORK SERVICES.** Activities which have as their purpose the improvement of the attendance of students at school and which attempt to prevent or solve the problems of students which involve the home, the school, and the community.

**2120 GUIDANCE SERVICES.** Activities involving counseling with students and parents, providing consultation with other staff members on learning problems, evaluating the abilities of pupils, assisting students as they make their own educational and career plans and choices, assisting students in personal and social development, providing referral assistance, and working with other staff members in planning and conducting guidance programs for pupils.

**2130 HEALTH SERVICES.** Physical and mental health services which are not direct instruction. Included are activities that provide students with appropriate medical, dental, and nursing services.

**2140 PSYCHOLOGICAL SERVICES.**Activities concerned with administering psychological tests and interpreting the results, gathering and interpreting information about student behavior, working with other staff members in planning school programs to meet the special needs of pupils as indicated by psychological tests, and behavioral evaluation and planning and managing a program of psychological services, including psychological counseling for students, staff, and parents.

**2150 SPEECH PATHOLOGY AND AUDIOLOGY SERVICES.** Activities which have as their purpose the identification, assessment, and treatment of children with impairments in speech, hearing and language.

**2190 OTHER SUPPORT SERVICES - PUPILS.** Other support services to pupils not classified elsewhere in the 2100 series.

**2210 IMPROVEMENT OF INSTRUCTION SERVICES.** Activities which are designed primarily for assisting instructional staff in planning, developing, and evaluating the process of providing challenging learning experiences for students.

**2220 EDUCATIONAL MEDIA SERVICES.** Educational media are defined as any devices, content materials, methods, or experiences used for teaching and learning purposes. Activities concerned with the use of all teaching and learning resources, including hardware, and content materials. These include printed and nonprinted sensory materials.

**2300 SUPPORT SERVICES-GENERAL ADMINISTRATION.** Activities concerned with establishing and administering policy in connection with operating the LEA.

2310 **SCHOOL BOARD SERVICES.** Activities of the elected body which has been created according to State law and vested with responsibilities for educational activities in a given administrative unit.

2320 **OFFICE OF THE SUPERINTENDENT SERVICES.** Activities associated with the overall general administration of or executive responsibility for the entire LEA.

2390 **OTHER SUPPORT SERVICES - GENERAL ADMINISTRATION.** Other support services to general administration not classified elsewhere in the 2300 series.

2400 **SUPPORT SERVICES - SCHOOL ADMINISTRATION.** Activities concerned with overall administrative responsibility for a school.

2540 **OPERATION AND MAINTENANCE OF PLANT SERVICES.** Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in effective working condition and state of repair. This includes the activities of maintaining safety in buildings, on the grounds, and in the vicinity of schools.

2550 **PUPIL TRANSPORTATION SERVICES.** Activities concerned with the conveyance of pupils to and from school, as provided by State and Federal law. It includes trips between home and school, and trips to school activities.

4000 **FACILITIES ACQUISITION AND CONSTRUCTION SERVICES.** Activities concerned with the acquisition of land and buildings; remodeling buildings; the construction of buildings and additions to buildings; initial installation or extension of service systems and other built-in equipment; and improvements to sites.

2900 **OTHER SUPPORT SERVICES.** All other support services which are not properly classified elsewhere in the 2000 series.

3000 **COMMUNITY SERVICES.** Activities which are not directly related to providing educational services in an LEA.

5100 **DEBT SERVICE.** Servicing of the debt of the LEA including payments of both principal and interest.

5200 **FUND TRANSFERS.** Transactions which withdraw money from one fund and place it in another without recourse. Fund transfers budgeted to another functional activity, such as food service or transportation are coded to the appropriate function.

Revenues should be allocated to the appropriate funds when received.
